

A photograph of a traditional stone cottage with a thick thatched roof. The building is constructed from light-colored, irregular stone blocks. It features several white-framed windows and two white doors. One door is centrally located on the ground floor, and another is on the right side, leading to a small porch with a corrugated metal roof. A small garden area in front of the central door contains a blue metal bench, a small tree, and some potted plants. A paved driveway is visible on the left side of the image. The sky is blue with some clouds. A green banner with the text 'Symonds & Sampson' is positioned at the top center of the image.

THE PROPERTY

This attractive 3 bedroom cottage style property was constructed in 2008 using local stone, under a modern thatched roof. The property lies in a quiet cul-de-sac consisting of only three cottages, and enjoys country views to the rear, enclosed private garden and two parking spaces. The property, which is in excellent decorative order throughout, benefits from sealed unit double glazing, central heating with under floor heating on the ground floor and has been built to a high specification.

ACCOMMODATION

On entering the property you are greeted by a hallway that is filled with natural light from the part-glazed front entrance door and there is a cloakroom off the hall, as well as a large under stairs cupboard.

The kitchen / breakfast room is located to the rear with a perfectly placed marble breakfast bar with stools, overlooking the lovely garden. The kitchen comprises modern cream units with ample wall and floor mounted storage cupboards and drawers and integrated appliances include, electric oven, ceramic hob with cooker hood over, dishwasher and washer/dryer. There is also space for a tall fridge / freezer. A rear door in the kitchen provides access to the rear garden.

The sitting room is a generously sized room with dual aspect to the front and rear, and has glazed French doors to the rear garden, as well as a central fireplace with fitted wood burning stove.

Stairs rise to the first floor landing where there is a hatch to the large boarded roof space, airing cupboard with hot water cylinder and electric boiler, and there is a family bathroom with modern white bathroom suite, benefiting from a separate shower cubicle as well as a bath.

There are 3 bedrooms, two doubles and a large single, which handles a pull-out double bed if required. Two bedrooms offer country views and one has a bespoke handmade timber built in wardrobe.

OUTSIDE

There is a stocked border at the front of the property. At the rear of the property is a shaped lawn with curved natural stone walling, gravelled areas, patio and paved pathway. Next to a shed and a separate log store is the gate to the rear access passageway. The garden is enclosed on three sides by lap panel fencing and there are ornamental trees including two Acer trees.

There is parking for two vehicles in tandem, plus there is an additional visitors parking area in the large communal area to the side of the cottages.

SITUATION

The attractive village of Evershot is in a designated conservation area on the edge of Melbury Park and contains many period and listed houses. It offers the facilities of a school, shop and post office, doctors, bakery, church, village hall, The Acorn Inn and country hotel. There is a regular bus service to the towns of Yeovil and Dorchester and about 6.5 miles to the south west is the well provisioned small country town of Beaminster. The coast is about 15 miles away.
