This impressive terraced house presents a remarkable investment opportunity, particularly for those seeking a property with a strong rental yield. Anticipated returns exceed £28,000 per annum, making it an attractive prospect for savvy investors. Most of the rooms are currently occupied, and the owner currently lives in the property leaving a valuable 5th and largest bedroom once they vacate. The owner being a resident is a huge benefit, as the property is not just very well looked after, but the tenants are all respectful, reliable and responsible too so that cohabiting is seamless.

The property boasts five well-proportioned bedrooms in total, providing ample space for tenants and the spacious modern kitchen diner is a highlight, designed to cater to contemporary lifestyles with ease and style. In addition to its interior charm, the house features a lovely garden to the rear, complete with a shed, perfect for outdoor relaxation or additional storage. The property is in beautiful condition, ensuring that it is ready for immediate occupancy or rental without the need for renovations.

The income streams are already in place, and can be made available upon request. With no onward chain and all necessary certificates in place, this property is not only a sound investment but also a hassle-free option for prospective buyers. Whether you are looking to expand your property portfolio or seeking a family home in a desirable location, this terraced house on North Road is a must-see.
