Offers In Excess Of

Built in 2013 for its current owners, this extraordinary property was designed by a visionary architect and featured on the Grand Designs television programme. The brief was to create a cutting-edge, semi-open-plan home that combined bold, contemporary design with subtle, inclusive features for the owners' disabilities—without compromising aesthetics. The result is a masterpiece of modern architecture, blending innovative design with thoughtful functionality. Nestled within a plot of 0.72 acres, this property is a stunning blend of contemporary innovation and traditional charm.

At the heart of the home is a breath taking open plan lounge, kitchen, and dining space, flooded with natural light from expansive glazing and sliding doors that open onto a glass balcony which in turn offers panoramic views of the lush gardens. The kitchen is a chef's dream, complete with induction hob, two double ovens, integrated appliances, dual sinks and corian worktops.

The property boasts five spacious bedrooms, including a luxurious principal suite with a dressing area, ensuite, and countryside views. Additional features include a gym, utility room and a triple garage/workshop with electric doors and lift access to all floors.

Outside, the grounds offer a levelled lawn ideal for entertaining, a vegetable plot for perfecting homegrown produce and a serene woodland area leads to a picturesque stream. Combining elegant design, modern practicality and close proximity to nature, this unique home provides an unrivalled contemporary living experience.

The property itself is conveniently located off the main road in the centre of Halberton just a short distance from the market town of Tiverton and offers good commuter links via the M5 junction 27 or Tiverton Parkway mainline railway station giving a direct route straight into to London (Paddington) along with road access to Tiverton, Exeter, Taunton and Bristol.

A Visionary Residence

The White House redefines modern living with its extraordinary fusion of bold architecture, luxurious interiors and thoughtful functionality. Situated within landscaped grounds, this architectural masterpiece offers a harmonious blend of contemporary design and rural charm whilst creating a home where every detail has been meticulously considered.

An Icon of Architectural Brilliance

From the moment you arrive, The White House captivates with its striking duality. The south facing elevation is a statement of contemporary design featuring sleek timber cladding and floor to ceiling glass that bathes the interior in natural light while framing uninterrupted views of the landscaped gardens.

By contrast, the north facing façade evokes a sense of timeless elegance, reminiscent of a lovingly restored barn with reclaimed brickwork and a slate tiled roof that pays homage to the surrounding countryside. This seamless interplay of modernity and tradition is a testament to the architect's genius in crafting a home that is both iconic and deeply rooted in its setting.

Bespoke Interiors

Step inside and you are welcomed into a world of understated luxury. This beautifully designed entrance hallway showcases a flawless combination of contemporary architecture and luxurious details. The striking floating staircase, crafted from natural wood with glass paneling and a sleek wooden handrail, creates an eye-catching centerpiece, embodying both style and functionality.

The custom full-height shelving along the

wall offers a unique opportunity to display art, books, and curated décor, adding a personal touch to this impeccably styled space.

Natural light floods the hallway through expansive glazed doors at the far end, perfectly framing the picturesque outdoor views. Premium wood flooring enhances the warm, inviting feel while maintaining an air of understated luxury, perfectly setting the tone for the rest of this high-end property.

The Living Hub

At the heart of The White House lies a breath taking open plan living area that effortlessly integrates the lounge, dining and kitchen spaces. Designed for both family life and entertaining, this expansive area features vast sliding glass doors that open onto a sleek glass framed balcony thus creating a seamless flow between the indoors and the expansive rear garden.

The state of the art kitchen is a culinary haven, boasting top of the range appliances, including two double ovens, an induction hob and welcoming integrated coffee machine. A corian worktop provides both style and practicality while clever architectural details, such as glass panels, allow light to cascade through the home, enhancing the sense of openness.

Spaces for Every Occasion

For moments of quiet reflection or productivity, the snug offers a cosy retreat, while the summer room, bathed in light, provides direct access to the garden making it perfect for relaxing or entertaining.

Exquisite Bedrooms and Spa Inspired Bathrooms

Each of the five bedrooms has been

designed as a sanctuary of peace and comfort. The principal suite is exceptional with a spacious dressing area, floor to ceiling windows overlooking the garden and a luxurious ensuite bathroom featuring twin wash basins, a walk in rainfall shower and sleek, high end finishes.

Of the additional bedrooms, three benefit from private ensembles which are equally well appointed, offering generous proportions, large windows and stunning views. The family bathroom rivals any luxury spa, complete with a inset spa bath, rainfall shower and contemporary vanity unit.

The Lower Ground Level

The lower ground floor of The White House is a triumph of thoughtful design, combining practical spaces with leisure amenities with potential to create and annex subject to the necessary consents:

Utility Room: A stylish yet functional space with a Belfast sink, quartz worktops and eco friendly technology including a ground source heat pump.

Gym: A light filled space featuring architectural glass, perfectly blending aesthetics with utility.

Triple Garage and Workshop: Secure parking with electric doors, a workshop area and lift access to all floors.

The additional reception rooms offer exceptional versatility, presenting the perfect opportunity to create a games room, home office, meeting room, or bespoke spaces tailored to your individual lifestyle. With the potential to develop into an annex, subject to the necessary consents, and benefitting from a private entrance, these rooms combine functionality with exclusivity, enhancing the property's refined and distinctive character.

As a commitment to sustainability, The White House is as forward thinking as it is beautiful incorporating energy efficient technologies including a ground-source heat pump to help minimise it's environmental footprint whilst the expansive triple glazing maximises natural light, reducing energy consumption while providing stunning views of the surrounding landscape.

The Grounds

The White House sits within 0.72 acres of landscaped grounds, offering an unrivalled outdoor experience. The property features a spacious driveway with parking for multiple vehicles and a levelled garden serves as the perfect setting for alfresco dining and relaxation whilst being family friendly.

A glass balcony extends from the main living area, providing views of the lawned area below. A dedicated vegetable plot invites budding gardeners to cultivate their own produce, while a tranquil woodland area leads to a picturesque stream creating a private retreat for nature lovers.

A Rare Opportunity

With its exceptional design, bespoke features and iconic appearance on Grand Designs, The White House is more than a home, it's a statement of architectural brilliance and a celebration of modern living.

This is your chance to own a landmark property that combines timeless elegance, cutting edge innovation and unrivalled comfort.

The White House isn't just a home; it's a lifestyle, a legacy and a work of art.
