Project Details & Planning Policy

The subject site is currently an award-winning pub & restaurant, with an annexe of letting rooms. The proposed development would be the demolition of the annexe, reinstatement of the pub gable wall. Then a new build development of 6nr. two bed apartments

The site overall is an area of 0.270 acres. The site is situated at the foot of the Canal by the Levens Estuary located on the edge of Ulverston.

As part of planning application, it would be necessary to explain the assorted reasons that cause the site to no longer suitable and by allowing the enabling consent of partial residential redevelopment it would protect an asset of community value (The Bay Horse).

To evidence this it would be necessary to submit a marketing assessment report prepared by us/other which would be used to support the planning application. It would indicate that an agent was instructed to market the premises for sale or rent and they actively marketed the premises until July 2023. They approached their large database of prospective tenants and purchasers at the time. Following numerous viewings from prospective occupiers the general feedback was that the building was either too small or needed too much financial investment, effectively it was not considered viable.

*A unique opportunity - potential Freehold Deveopment Site.
Suggested scheme for six apartment, development area of approx 365 sq m. Site is 0.270 acres.
Stunning, open panoramic Views and easy walking access to Morecambe Bay
