As you enter the property, you're greeted by a porch that leads to the entrance hall. This area is ideal for hanging coats and storing shoes, keeping the rest of the home neat and tidy. From here, you can either head up the stairs or into the lounge. Moving from the entrance hall into the lounge, you'll find a comfortable space with a gas fire and a large window that allows plenty of natural light to fill the room. An archway connects the lounge to the dining room, offering an open and spacious feel. This layout allows for easy flow between the living areas. You'll then find the kitchen, which could benefit from modernization. Despite its need for updates, the kitchen provides ample space, complete with a pantry for extra storage. From the kitchen, the inner hall leads to the utility room, a practical space for laundry and additional storage. The side door in the utility room opens to the rear garden, which is a blank canvas awaiting your personal touch.

Heading up the stairs from the entrance hall, the first floor features two sizeable bedrooms. Both rooms offer ample space and flexibility, allowing you to customize them to suit your needs. Whether you need a guest room, a home office, or a child's bedroom, these spaces can accommodate your lifestyle. The first floor also includes a three-piece shower room, which, like the kitchen, is in need of updating. With some creative vision, this space can be transformed into a modern and functional bathroom.

Throughout the home, you'll find good storage options, providing plenty of space to keep your belongings organized. This property has excellent potential for those looking to update and modernize, offering a blank canvas to create your dream home.
