**Price £950,000**

Welcome to this sensational former vicarage along with its beautiful detached coach house, a timeless masterpiece designed by renowned local architect William Kirby in 1864. Set upon approximately one acre of lush land, this distinguished property boasts five bedrooms, four bathrooms, and an impressive five reception rooms, offering expansive space for luxurious living and entertaining.

With its rich architectural heritage, this historic residence has been thoughtfully updated and modernised over the years, preserving its original charm while incorporating modern amenities for comfort and convenience. From the moment you step through its doors, you'll be captivated by the grandeur and elegance that defines every corner of this remarkable estate.

Adjacent to the Vicarage is The Old Coach House, which is currently used as a detached holiday cottage, meticulously refurbished to offer a serene retreat for guests or additional rental income opportunities. With full planning permission for a single-story extension, the cottage presents the potential to expand into a two-bedroom sanctuary, enhancing its appeal and versatility. While currently serving as a detached holiday cottage, this property possesses the versatility to function equally well as a long-term rental opportunity or a multigenerational residence, accommodating extended family members comfortably.

But the allure of this property extends beyond its main buildings. An optional neighbouring field with separate road access, measuring approximately 4 acres, offers endless possibilities whether for agricultural use, equestrian pursuits, or simply to expand the estate's already impressive grounds, this additional land adds to the property's allure and potential.

Surrounded by tranquil countryside and scenic views, this former vicarage embodies the epitome of luxurious rural living. Don't miss your chance to own a piece of history and experience the unparalleled beauty and elegance of this extraordinary property

Energy Efficiency Rating	
Current	Potential
Very energy efficient - lower running costs
