STEP INSIDE

27 Jury Street

This stunning Grade II Listed townhouse has been refurbished to a tasteful and high standard from top to bottom, however still maintaining much of the character and charm you would expect. Situated in the heart of Warwick town centre and dating back to 1788, Jury Street offers deceptive and versatile living space set across three floors including up to five bedrooms, two bathrooms, and at the rear of the ground floor, planning consent to create a fabulous kitchen dining living space opening out onto the private rear walled garden, where you also have the rare benefit of secure off road parking.

Beyond the entrance hallway, where you will find access to the cellar, you'll also find access to both a cloakroom and the inviting drawing room. Recently converted, the drawing room features exposed beams, an authentic Adam Marble fireplace, partially panelled walls, and a generously sized glazed window adorned with shutters. Another door leads out to a secluded courtyard area.

Upon opening the impressive original wooden doors, you'll step into the dining room, where exposed brick frames a fireplace, adding character to the space.

Towards the back of the house is the recently renovated kitchen together with a separate study or playroom. The kitchen is equipped with a breakfast bar, a traditional Belfast sink, ample storage with both wall and base units, and room for an American fridge/freezer. Adjacent to the kitchen, there's a utility area, pantry cupboard, and a door leading out to a charming courtyard space, completing this functional and inviting area of the home.

Planning permission has been granted (currently being re-submitted) for the expansion of the kitchen into the study/playroom, resulting in a spacious open-plan layout at the rear of the house with views overlooking the garden (Reference number: W/20/1367). This project involves modifications to the existing rear extension, including the removal of the attached brick-built store and partial demolition of two walls, as well as repairs to the roof.

First floor

A light and spacious first-floor landing with a generously sized sash window leads through to a double bedroom with an adjoining W/C. The hallway continues to an inner landing area and the recently converted main bedroom with an Adam-style fireplace, exposed beams, and sash window to the rear. There is a fully tiled large contemporary family bathroom with bath, corner shower, and vanity unit, and at the front of the first floor a second sitting room or large double bedroom.

Second floor

Ascending to the second-floor landing via the staircase, you'll find a spacious bedroom on your left, featuring exposed beams and a charming period fireplace. This room offers ample space for a separate study area and includes a convenient walk-in cupboard. Additionally, there's another bedroom suite featuring a separate dressing area and an en-suite bathroom, offering lovely views of St Mary's Church.

Outside

To the rear is a low maintenance private walled garden with plenty of space for entertaining. There is also gated parking for one car (accessed via The Butts). Residents parking is also available at the front of the property with a permit.
