Manor House Drive, NW6

Located on a prestigious tree-lined road in Brondesbury Park is this immaculately presented six bedroom detached house, configured over three floors and securely gated with electric gates and a driveway, accessible to the popular Queen's Park.

The property has undergone significant structural changes to create an impressive triple height ceiling in the entrance hall, with marble flooring throughout the ground floor, and a spectacular curved glass staircase leading to the first and second floors. With a vast space on the ground floor showcasing the fully integrated design led kitchen and breakfast bar, dining area, lounge area, there is a further formal reception room to the front of the property, and a separate study. The ground floor also includes a separate additional professional working kitchen and storage room, with access to the side of the house. The well manicured garden provides a patio and BBQ area, a fully installed below ground level hot tub, and to the side of the house a studio annex with its own access.

The first floor provides access to the principle suite, two further double bedrooms with en suite bathrooms, storage throughout, and a utility room. The second floor locates three further double bedrooms, one with an en suite, one with a dressing room, and a family bathroom.
