DESCRIPTION

This detached house was built in the 1980's of brick under a tiled roof and is approached over a flagged drive. The original house has been enlarged in more recent years and the accommodation can be adapted to suit individual requirements. For its size the house has been priced at a competitive level to reflect that some modernisation is required.

Perhaps its most appealing feature is its setting, with private access onto the canal towpath, 250 yards from the village centre. The two rear bedrooms enjoy open views over the garden, Shropshire union canal and countryside beyond (turn pike field).

LOCATION & AMENITIES

Audlem is an attractive country village, the centre of which is designated as a conservation area, well known for its historic church dating back to 1279. Also of interest is the Shropshire Union Canal which runs close to the property and the former Grammar School built during the reign of James I. The village provides a number of local shops including a post office and butchers, co-operative store, chemist and doctors surgery, modern primary school, three cafes, three public houses, flower shop, takeaway, independent newsagent/general store, village hall, gym and a wide variety of community activities and events.
