DESCRIPTION

An ideal opportunity to acquire a period property of traditional brick construction under a slate roof, occupying a prime position and enjoys a South Westerly aspect towards the rear and a more important factor of car parking space towards the front of the property. Over the years the whole has been vastly improved/renovated yet still retains much original charm and character with notably the Minton tiled floor to the main reception hall, feature fireplaces, bay windows, pine doors, picture rails and ceiling cornices. Furthermore the present vendors have created a fourth double bedroom from approached over a paddle staircase along with a box room. We strongly recommend inspection of this property.
