DESCRIPTION

This attractive semi detached cottage is constructed of brick with painted elevations under a tiled roof and stands nicely back from the lane behind a cottage garden and two gravel car parking spaces. Internally this cottage has been tastefully modernised and offers spacious and flexible accommodation. It has been greatly enjoyed and transformed by the present owners over the last ten years. The overall result is a quite delightful, well lit, home that combines character and interest with practicality. The ground floor accommodation is arranged in such a way that it can be readily adapted to provide a self contained bedroom/sitting room with en-suite facility.

Another key improvement was made when the current owners purchased some additional land. The land lies to the South of the cottage and provides a small paddock with a field gate to Lodmore Lane. The paddock makes the property ideal for those with livestock interests or alternatively wants space for a pony.
