## DESCRIPTION

An individual semi detached house constructed of brick under a tiled roof enjoying a wide frontage to the lane, approached over a drive to a large car parking/turning area and yard. The first thing to note about Austin Bridge House is the position. With a plot of one acre and glorious South Westerly open views over the Shropshire Union Canal and rolling countryside beyond. With no chain the house and buildings offer extensive potential to be modernised and converted, subject to planning permission. The house extends to about 1,500 square feet (including the garden room) and the buildings to about 2,000 square feet.

The grounds include numerous varieties of fruit trees, a kitchen garden with soft fruits and the hedgerow boundary abuts the towpath side of the Shropshire Union Canal (Bridge No. 83).

Austin Bridge House comes to the market for the first time in 30 years.
