## Offers Over £325,000

Here is one for the budding entrepreneur or those looking to diversify their business portfolio. Room@87 is a long-established Guest House that has traded successfully for many years and proves very popular with contractors working away from home and leisure guests alike.

The property has been designed to create five double ensuite bedrooms and three single bedrooms that share a bathroom. Additionally, there is separate owners/managers accommodation currently at the rear of the property. If not needed by the owner/manager, this apartment could become a useful income addition on the rental market. There is also the possibility of reinstating the planning permission which expired in 2023, to create a ground floor extension. The business enjoys a rating of 8.7 on Booking.com and provides a good turnover and net profit. Accounts are available to those interested parties who can satisfy our requirements to proceed with the purchase and a non-disclosure document is signed.

The location is ideal to maximise the industry and general construction in the area and provides a steady stream of guests, ensuring high levels of occupancy. We recommend a viewing to fully understand the potential of this extensive property.
