Sudbury is a thriving market town surrounded in part by open farmland and countryside including the famous Water Meadows. The town has a wealth of amenities and facilities including a railway link to London Liverpool Street. There is an excellent range of shops to cater for most everyday needs as well as a choice of pubs, restaurants, recreational and educational facilities. The nearby market towns of Colchester (15 miles) and Bury St Edmunds (18 miles) offer extensive amenities, the former providing a mainline station to London Liverpool Street, serving the commuter.

An impressive building in Sudbury Old Town with residential accommodation spread across four floors and a commercial space to the front ground floor. The property also benefits from planning to create a self-contained two-bedroom bungalow with walled garden as well as a boutique hotel/B&B. This prestigious building is in need of significant works however offers great flexible accommodation. This sale is being offered chain free.

A delightful commercial and residential building.

You are initially greeted by a large quadruple-fronted shop fronted commercial room overlooking Friars Street and in turn down Church Street with lovely period features including a soft red brick fireplace leading onto an inner hall. Six rooms leading off the hall, as well as the staircase, each with their individual quirks and character features. This includes a large double-aspect room with Georgian-style fireplace, exposed floorboards and brick flooring overlooking a private walled garden. This room has been earmarked as the open plan living space for the bungalow accommodation, with the three rooms beyond being bedroom and bathroom accommodation.

There are five large rooms with exposed floorboards and sash window being features in each to the first floor. Two further rooms can be found to the second floor offering wonderful elevated roofscape views over Sudbury. The recently obtained planning permission has been for these to be transformed to five-bedrooms each, enjoying their own en-suite.

Although planning permission has been granted to split the building into a two-bedroom bungalow and a five-bedroom bed & breakfast with a café to the front, this recently obtained planning, offers great scope for buyers to create secondary accommodation or make the property one glorious house with a small commercial element to the front subject to planning.
