THE PROPERTY

The Hawthorns is a truly unique contemporary home which has been much improved and extended since its original construction in 2011. Set across two floors and offering approximately 2,800 sq ft of accommodation, the property is designed to maximise natural light and the beautiful outlook across the south facing gardens. The property seamlessly blends modern styling and energy efficiency with natural materials used throughout the internal design and décor. Excellent eco credentials increase the desirability and assist with the day to day running costs. These include a rainwater harvesting system, solar panels with feed in tariff and heat recovery ventilation system. The recent addition of the first floor extension to the eastern elevation enhances the front façade and creates balance to one of the finest homes located along Rhode Lane.

ACCOMMODATION

The spacious full height reception hall is flooded with light and incorporates a bespoke oak and glass curved staircase to the first floor galleried landing. The addition of a spherical chandelier and circular domed atrium provides the wow factor which continues throughout. At the heart of this home is the kitchen/family room overlooking the gardens. Full height sliding doors adorn the rear elevation and lead out to a sunken terrace which offers a sheltered outdoor seating area ideal for alfresco dining. The kitchen was completely remodelled and installed by Axminster Kitchens in recent years and includes a full range of integrated Siemens appliances, quartz work surfacing, Quooker tap and island. A separate utility room, off the main hallway, provides additional storage and space for utilitarian appliances. The remainder of the ground floor accommodation has been shrewdly designed and offers a great deal of flexibility to buyers. This currently consists of a second reception room along with a ground floor bedroom and shower room. The use of a small inner hallway between the main entrance hall allows this area to be used as an annexe or guest area to the main house. Alternatively, the downstairs arrangement could be considered as a way of future proofing your time at The Hawthorns for many years to come.

To the first floor is a sizeable sitting room with large picture window overlooking the gardens and three generous double bedrooms, all with fitted wardrobes and storage. The master suite features a triple aspect, along with sliding doors out to a large south facing balcony and a beautiful en-suite shower room with walk in shower. A light and airy study/5th bedroom adjoins the master suite which can also access the balcony. The family bathroom completes the accommodation to the first floor. The attention to detail and quality of the construction, married with the high end specification of fixtures and materials, makes this home one of the most exceptional in the area.
