Additionally the property benefits from a low maintenance rear garden. Viewing is highly recommended.

### Location:

West Street sits in the heart of Leighton Buzzard's historic market town, placing a wealth of amenities quite literally on the doorstep. A variety of independent shops, cafés and restaurants are just moments away, while the mainline train station is within walking distance, offering fast services to London Euston in around 30 minutes—making this an ideal choice for commuters. The property also enjoys easy access to local parks and countryside walks, perfectly blending town convenience with a relaxed lifestyle.

### Ground Floor & Cellar:

The front door opens directly into the lounge, a welcoming reception space with neutral décor and room for a variety of furniture. Stairs rise to the first floor, and a door opens through to the kitchen. The kitchen is fitted with a range of wall and base level units with complementary work surfaces and provides spaces for a variety of appliances, offering both practicality and scope for further personalisation. From here, a door leads to the rear lobby which provides access to the garden and a ground floor bathroom.

The bathroom has been fitted with a modern three piece suite comprising of a low level WC, vanity wash hand basin and panel bath with shower over, finished with stylish tiling to water-sensitive areas. Also accessed from the kitchen is a door leading to stairs down to the cellar (traditional cellar, not tanked), which offers useful additional storage space.

### First Floor:

On the first floor, the landing gives access to the double bedroom, which faces the front aspect and includes large built-in wardrobes, providing excellent storage. A second room sits adjacent and is perfectly suited for use as a study, nursery or dressing room, making this an ideal home for professionals, first time buyers or those seeking a central base with flexible accommodation. The landing also gives access to a boarded loft via an integral ladder providing additional storage.

### Outside:

The rear garden is enclosed partly by wall and partly by panel fencing, offering a low-maintenance outdoor space. The garden has been laid predominantly to decking, creating an excellent spot for outdoor seating or entertaining. There is also a side area with gated access to the front, providing additional convenience.
