Description

Watermill Cottage was built in 1877 of attractive stone elevations under a primarily slated roof and was part of Lord Portsmouth's thriving Eggesford Estate. It is understood that the property was built for the manager of the close by and large water mill which itself has been converted into impressive dwellings in their own right.

Subsequently, the original house was divided into two cottages which were owned separately but in more recent times they have been amalgamated back to one. The two kitchens and bathrooms remain and would make the property equally suitable for dual-family occupation or as a single dwelling.

The house is complimented by large mature gardens, parking and garaging.

Ground Floor

There are two FRONT PORCHES, with the right hand one being a later addition when the house was originally split. The left, enclosed PORCH has a slate flagstone floor and a door into a small STAIR HALL. The SITTING ROOM is an elegant, double aspect room of generous proportions with picture rail and a LPG fired stove set in a fireplace with timber surround and a granite hearth. To the left is a double cupboard with book shelving above. Two archways lead through to a DINING AREA. The first KITCHEN/BREAKFAST ROOM is fitted with a range of units with work tops over, stainless steel sink, plumbing for slimline dishwasher and space for cooker. Matching wall-mounted units. Off the kitchen is a rear HALL with door to the outside and door through to a UTILITY/WC with WC, pedestal wash basin, stainless steel sink unit and plumbing for washing machine. Back to the dining area a door leads into a spacious INNER HALL with a tiled floor and glazed double doors to the garden and a door to the right into a LIVING ROOM with second staircase to the first floor and a fireplace with a tiled hearth and wood-burning stove. Door into the second PORCH. Off the inner hall is the SECOND KITCHEN which is fitted with a modern range of units with work tops over, 1½ bowl stainless steel sink unit, electric cooker and hob with hood over. Plumbing for washing machine. Off the kitchen is a BATHROOM with panelled bath, pedestal wash basin and WC.

First Floor

On the first floor there are a total of FIVE BEDROOMS and a BATHROOM, served by two separate staircases and galleried landings. There are TWO DOUBLE BEDROOMS on the western side of the house, one with a range of fitted wardrobes, and these bedrooms are served by a BATHROOM fitted with a modern suite and an airing cupboard. On the eastern side there are a FURTHER THREE BEDROOMS (two doubles and one single).

Outside

The large gardens lie mainly to the east of the house and comprises lawned areas with a variety of planted borders and mature trees including an impressive magnolia. There is also a former vegetable garden and an orchard.

To the front is an area for parking that leads to a SINGLE GARAGE with power and light connected. Set off the driveway, a very short distance from the house, is a further timber-framed SINGLE GARAGE.
