SERVICES & ACCESS

New connections for electricity and water are provided. Both cottages participate in the new private communal sewage.

Lot 2 [The modern barn] will own the freehold of the existing lower access drive but the new owners of lots 3,4 and 5 will enjoy right of way over the initial part of this driveway, which then becomes private to lot 2 only. The vendors intend to ensure that the width of said drive will be sufficient for any purchaser of lot 2 to be able to negotiate machinery over it to their property. Depending on how lot 6 (the land) is sold, there may well be other rights of way required over the early part of the driveway.

TENURE

The farm is owned freehold, vacant possession will be available from the completion date. We understand that some of the properties are already on separate titles but others may need to be separated as the property is sold.
