DESCRIPTION

North Buckland Nurseries presents elevations of painted render, part clad in cement fibre boards, with double glazed windows and doors, beneath a slate roof. We understand the original core was built in 1993 but was extended, remodelled and refined in 2018. The accommodation, which exudes quality, is bright, spacious, versatile and well presented. On the ground floor the Entrance Hall boasts an adjoining Boot/Cloaks Area and becomes open plan with the bespoke Kitchen/Family Room with doors opening onto the garden. There is a separate Dining Room with two walls of bi-fold doors, bringing the outside in and ideal for summer dining. Beyond is a Sitting Room with wood burner for those cosy winter evenings. Off the Inner Hall is a Cloak Room and Utility Room. Bedroom 5 has an En-Suite Shower Room and is ideal as a guest room (given the proximity to the kitchen, for visitors to help themselves or unable to manage the stairs or for owners to 'future proof'). The first floor features a spacious landing. The 'wow' factor of the Main Bedroom is the atrium picture window which floods the room with light and allows views over the grounds below and of the valley beyond. There is a further En-Suite and Family Bathroom which caters for three further Bedrooms, making five in total.

Externally a gated tree lined driveway provides ample parking and turning space. There is a detached rustic Summerhouse/Studio/Potential Office and a modern barn with workshop/store section off. The grounds which amount to 2.2 acres are laid to sweeping lawns and feature a large scenic pond. There is an extensive Brazilian slate terrace (which follows the theme of the floors in the property) and the gardens are generally designed and landscaped with ease of maintenance in mind. We understand that the dove cote with residents, will remain.
