DESCRIPTION

Foundations have been built, and therefore planning permission commenced for a detached bungalow, in line with planning consent application number 71960, issued by North Devon Council. The date of the decision was 16th November 2020. The proposed layout of the accommodation includes; Entrance Hall, Open Plan Living Area incorporating Lounge, Dining and Kitchen 'zones' and positioned to enjoy the best of the sea views, Utility Room, Office, Cloakroom, Three Bedrooms (all En-Suite). There is also an attached double garage. There may be scope to convert the garage to additional accommodation, possibly an annexe (subject to any necessary planning), there may also be potential to convert the loft space, once again subject to planning. The cost of installing the foundations, to date is approximately £37,000.

Also on site is a detached 'cabin' which comprises; Living Room, Bedroom, Bathroom and Kitchen. This also has consent as a separate residential dwelling and is considered ideal as ancillary accommodation, a rental or holiday let, or to redevelop (subject to planning permission).

There are two further lodges on site which would need to be removed when the new dwelling is built, but which may have potential to be retained as holiday lodges (subject to planning permission). There is a storage yard which currently accommodates 25-30 caravans, producing income based on £35 per van, per calendar month, this equates to £12,600 per annum for 30 vans. There is extensive parking, various outbuilding and pasture fields, equating to around 14.6 acres. There are two main fields flanking the access drive, with smaller secondary fields behind the dwellings. The fields could suit camping, equestrian etc, but have also previously accommodated an open-air market.

SERVICES

There is mains, electricity and water. There is a large hole ready to sink a septic tank also on site.

DIRECTIONS
