SITUATION & AMENITIES

Instow is one of North Devon premier coastal/estuary villages, with the South West Coast Path and Tarka Trail both close by, the latter being ideal for both cyclists and walkers alike. Instow has a family and dog friendly sandy beach and range of amenities within easy level walking distance, including General Store/Off Licence/Post Office/Delicatessen/Café, The Commodore Hotel and a variety of popular Inn's and Restaurants. There is also a regular bus service from Instow, a thriving cricket club and North Devon Yacht Club where boats can be launched (moorings may be available) all within a moment's walk. The village is ideally situated in between Barnstaple and the port and market town of Bideford, which sits on the banks of River Torridge and offers an excellent range of amenities including supermarkets, banks, cafes and restaurants. Barnstaple, as the regional centre offers all the area's main business, commercial, leisure and shopping venues, with access to the A361 North Devon Link Road, running on in around 45 minutes or so, to Junction 27 of the M5 Motorway at Tiverton and where Tiverton Parkway also provides rail access to London Paddington in just over two hours. The area is well served by excellent state and private schools including Kingsley in Bideford and West Buckland School. North Devon's other premier coastal resorts at Croyde, Putsborough, Saunton (also with championship golf course) and Woolacombe are around 30/35 minutes away. As is Exmoor National Park. The nearest International airports are at Bristol and Exeter.

DIRECTIONS

As you enter Instow from Barnstaple, continue along the main road which is Anstey Way. Pass the first and second turning to the seafront and the property will be found on the periphery of the village, on the left just after a public layby, identified by our 'For Sale' board.

DESCRIPTION

West View was built by the grandparents of one of the vendors and has therefore never actually previously entered the market in its history. The property is a detached character residence which presents painted brick elevations, beneath a slate roof. The property is understood to have been originally built in 1896 and offers accommodation arranged over two storeys. The house benefits from gas central heating but would benefit from general updating. Externally there is a driveway which leads to a range of outbuildings, formally understood to have been an undertaker's premises and then a general builder's yard. These include garaging/workshops and garden room and are attached to a neighbour's outbuildings to the rear. The buildings are considered suitable for potential conversion to ancillary accommodation or possibly a holiday let or two (subject to any necessary planning permission being obtained). There is a courtyard between the house and these buildings and former dairy/outhouse/WC and potting shed off it. Beyond the courtyard is an inner walled garden and beyond this a much larger walled 'secret garden' with separate access from Marsh Lane. The gardens look onto open countryside to the rear. From the first-floor front bedrooms, when the leaves are off the trees, there are glimpses of the estuary.

SPECIAL NOTE : Although described as detached there is a small attachment to the front above a passageway, owned by the neighbouring property.
