DESCRIPTION & PLANNING

This modern detached wooden framed barn originally had consent under North Devon Council planning reference 76436, granted on 21st June 2023, for 'Prior approval for change of use of agricultural building to four dwelling houses (Class Q)'. The proposed properties would be single storey and each incorporate open plan living room with kitchen area, 3 bedrooms and bathroom. It is also proposed that each dwelling would have a private garden as well as allocated parking. Subsequent consents include planning reference 78992, approved on 30/8/24, for conversion of the barn into one large dwelling. Planning reference 78994, approved on 23/9/24 allows for the replacement of the barn with 2 new 4 bedroom dwellings. Planning reference; 79944 was achieved on 30/4/25, and this is for a non-material amendment to reposition the hedgerow and plots to allow for a slightly wider access for the vendors to their retained land. All related documentation can be found on the North Devon Council planning website using the planning references above for access. The planning allows for garden curtilage, although the barn is being sold with approximately 1.24 acres overall.

SPECIAL NOTE

The Promap plan and proposed elevation drawings attached to these particulars are provided for information only. The land is laid to gently sloping pasture, the main access will be retained by the current owners and the purchaser of this barn/site will be required to create their own gated private entrance off the existing access and to fence the boundaries which are currently not fenced.
