Sturminster Newton

A fabulous opportunity to purchase with no onward chain, a delightful end of terraced cottage, which offers spacious accommodation that the frontage belies. The cottage boasts three good sized bedrooms, two with en-suite facilities and a generously sized sitting/dining room with a fireplace housing a wood burner. The cottage is located in the Bridge area, which lies on the fringe of the town, close to the nature reserve and mill and within easy reach to the town centre and a primary school. The historic market town of Sturminster Newton caters well for everyday needs with a range of independent shops and chain stores, doctor and dentist surgeries, schooling for all ages plus a variety of entertainment venues. The cottage dates to the 16th century and lies at the foot of Sturminster Newton Castle, formerly used as a wheelwright, it has been a loved and enjoyed home to our seller for the last six years. During this time it has been well maintained and improved with a new combination boiler that was installed in December 2023, new flooring has been fitted to the first and second floors, a bathroom has been created plus two bedrooms now have the bonus of en-suite facilities. The cottage retains many character features, such as, windows with deep sills, exposed stone walls, exposed ceiling beams and uprights and a wonderful fireplace in the sitting/dining room with Bressummer beam and the old bread oven. This charming home provides flexible accommodation that is arranged over three floors and makes a great first time home, weekend retreat and equally could be used as a holiday let or investment for the buy to let market. The cottage must be viewed to really appreciate what it has to offer, as well as its location, where town and country merge.

In brief, the ground floor accommodation consists of entrance hall, spacious sitting/dining room with fireplace and character features and two doors into the L shaped kitchen/breakfast room. On the first floor there is the bathroom and bedroom, which has an en-suite shower room. The second floor has two double bedrooms, main with en-suite cloakroom. Outside there is a gravelled parking space.
