The nearby medieval Cinque Port of Sandwich provides additional facilities including main line railway station with high speed services to London, alternative primary school and excellent secondary school options. The Property

Nestled in the picturesque village of Ash, this delightful Grade II listed mid-terraced cottage offers a perfect blend of period character and modern comfort. Beautifully presented, the property features one generously sized double bedroom with lovely double-aspect views, and a stylish bathroom/WC.

On the ground floor, you'll find a welcoming entrance hall, a cosy sitting room full of character, and a well-equipped kitchen. The home benefits from a modern central heating and hot water system, powered by a recently installed gas boiler and radiators.

To the front of the property is off-road parking for one vehicle, while the rear offers a second parking space and a garage with electricity — ideal for storage, a workshop, or additional appliances such as a fridge and freezer, as currently used by the owners. Additional storage is available in the loft space above the cottage.

This enchanting home is perfect for those seeking a peaceful village lifestyle with all the charm and character of a traditional English cottage.

Outside

The cottage forms part of an attractive row of similar period homes, with this particular property enjoying a slightly set-back position from the road. This thoughtful layout provides valuable off-road parking directly in front of the cottage.

To the rear, a private access lane leads to a row of four garages, with the second garage from the left belonging to the property. Featuring a traditional wooden up-and-over door, the garage is equipped with electric lighting and power points, making it ideal for storage, a workshop, or housing additional appliances.

There is also the convenience of an additional off-road parking space directly in front of the garage, allowing easy access without obstructing neighbouring garages. This practical arrangement enhances the overall usability of the home, combining charm with convenience.
