# May Cottage

34 Granville Road, St. Margarets Bay

A handsome marine side residence in arguably one of the most sought after locations in St Margaret's Bay.

## Situation

St Margaret's Bay consists of an attractive fold in the dramatic White Cliffs of Dover steeped in history and being located at one of the closest points to the continent. Neighbouring countryside is recognised as an area of outstanding natural beauty with dramatic clifftop walks, whilst below lies a sheltered beach being a combination of shingle and sand making this an idyllic location to live. The village centre itself is approximately one mile distant with general store, post office and local primary school. To the north lies the Cinque Port town of Deal (six miles) and to the south lies the Channel port of Dover, (four miles) with a mainline rail service inclusive of the Javelin High Speed rail link to London St Pancras (approx 67 minutes) and connection to the southern motorway network.

## The Property

May Cottage is a highly desirable Edwardian detached house set within delightful gardens. Its elevation adds to its presence and its beautiful symmetry makes for a handsome house with attractive proportions. A sweeping driveway leads to a side entrance vestibule and hallway with a useful coat cupboard and ground floor cloakroom which are located to the right hand side of the stairwell. Improvements by the present owner now create a fourth bedroom on ground level and a snug/study overlooking the rear garden. An open plan capacious kitchen/family room has a modern fitted kitchen and island with quartz worktops, a host of integrated appliances, LED lighting and matching display cabinets. The triple aspect including slide and glide doors create a bright and airy space also taking full advantage of the views. The first floor includes three double bedrooms, family bathroom and en-suite facility.

## Outside

Externally a sweeping driveway via wrought iron gates provides off road parking with a detached garage at either end. Established lawns and flower beds lie behind a privet hedge and a front patio has been created adjoining the house. A good deal of landscaping has been completed to the back garden to produce a number of lawn terraces with flower beds and a new garden room ideal as a home office with power is located at the rear. The whole garden is bordered by various fencing which creates a good degree of privacy.
