Coleridge Road, CR0 7BS

If you are looking for a project then look no further. This three-bedroom semi-detached house set in a side road does require some modernisation, however in our opinion offers opportunity and potential. On the ground floor there is a generously sized bright and airy living room leading into an open-plan kitchen/dining/family area (building regulations cannot be traced). The kitchen has a range of wall and base units and is of a good size and the dining area has doors opening onto the rear garden which is overgrown and in need of attention and does require fencing. On the first floor there are three bedrooms along with a family bathroom. The front garden also could benefit from some attention but possibly (subject to the usual consents) could be converted into a driveway for off street parking. Coleridge Road is found just off of Stroud Green Way with close proximity to the Woodside Green tram stop and local bus routes. The nearby Addiscombe village high street has a variety of shops and cafes, while green spaces in terms of Woodside Green, Ashburton Park and South Norwood Country Park provide local recreational opportunities. Access to London is provided by the Norwood Junction BR/Overground Station which serves the area and is ideal for the busy commuter.
