Creating sustainable communities

## Retirement Living at Butterbiggins Road

**Butterbiggins Road provides an opportunity to purchase a new-build one or two-bedroom apartment, exclusively for over 55's.**

Located in Glasgow's vibrant Southside, Butterbiggins Road provides affordable retirement living approximately one mile south of the city centre. The development is within walking distance of a variety of local amenities including supermarkets, a medical centre (0.1 miles), green spaces (0.1 miles), library (0.4 miles), and a gym (0.6 miles) in addition to being within easy reach of the attractions, shops, cafes, and restaurants that the city has to offer.

Excellent transport links, including regular bus and rail services and access to the M74 motorway, makes reaching Glasgow city centre (and beyond) very straightforward. Using the closest bus stop (less than 0.1 miles), you can be in the city centre within 20 minutes.

Butterbiggins Road has been designed specifically for retirement living. The communal lounge and outdoor space are great places to socialise and get to know your neighbours. Step-free access to apartments, a lift to all floors, and low threshold shower-trays mean you can be confident your new home will meet your needs for years to come.

All apartments benefit from excellent storage and natural light through large windows, complemented by a balcony or outside space.

We even offer a mobility scooter store for recharging batteries.

Our homes provide energy-efficient heating and double glazing, creating a well-insulated home and helping to keep down heating costs.

## New Supply Shared Equity

Apartments are exclusively available to purchase through the Scottish Government's New Supply Shared Equity (NSSE) scheme. You can purchase an equity stake in the property of between 60 and 80%, subject to criteria. **Buyers must be 55 years of age and over and be able to live independently.**

Buyers fund the majority share of the purchase of their property and own the property outright, with The Scottish Government holding the remaining share of the property under a shared equity agreement. The Scottish Government's percentage is repaid at point of sale, or you can choose to increase your share up to 100% in future. There are no ongoing payments on the Scottish Government's share. Buyers over 60 do not need to take a mortgage to access the scheme.

Please visit [www.linkhousing.org.uk/NSSE](http://www.linkhousing.org.uk/NSSE)

# Site Plan

**"I have better access to everything and will be more sociable... I only wish I did it sooner! I highly recommend to anyone who is looking for something more suitable!"**

*– NSSE retirement living buyer*
