NOT BEEN TO THE MARKET SINCE 1999. Sitting at ideal FIRST FLOOR level, this is a genuinely rare find of a flat with GREAT VOLUME in addition. The ceiling height to the reception is circa 3.6 m, making it feel like an even larger apartment. Not having been available to the market for many years now, this superb property would make an unbeatable place to call home, being one of only a very small number of properties that have views over COMMUNAL GARDENS to the front and rear. The apartment also enjoys access to Bina Gardens West communal gardens.

With its 24' reception room, this two bedroom, two bathroom flat on the first floor offers enviable entertaining space together with two terraces and communal garden views from both sides. With a south west aspect and a bay window the room is flooded with natural light. The high ceilings throughout greatly add to the volume and sense of space.

This once in a generation opportunity would appeal to any discerning property purchaser either looking for a special property for themselves or for an investment or who MUST HAVE a first floor property. This apartment enjoys a wonderful dual outlook with both east & west orientation/garden facing aspects that are further enhanced by the tremendous and plentiful large French windows, of which this includes a splendid west facing picture window of a bay, with near floor to ceiling, triple French doors.

To the rear, the two bedrooms also benefit from a large number of windows, both with door access to the rear terrace, from which you can enjoy and survey Bina Gardens West in all its glory throughout the seasons. With this in mind you can imagine the property benefits from a considerable amount of natural light throughout the year. Measuring approx. 1040 sq ft (97 sq m) in terms of gross internal floor area encompassing well-sized rooms. Call now to avoid disappointment. Please note that some of the furnished images are virtually staged.
