Summary of Accommodation

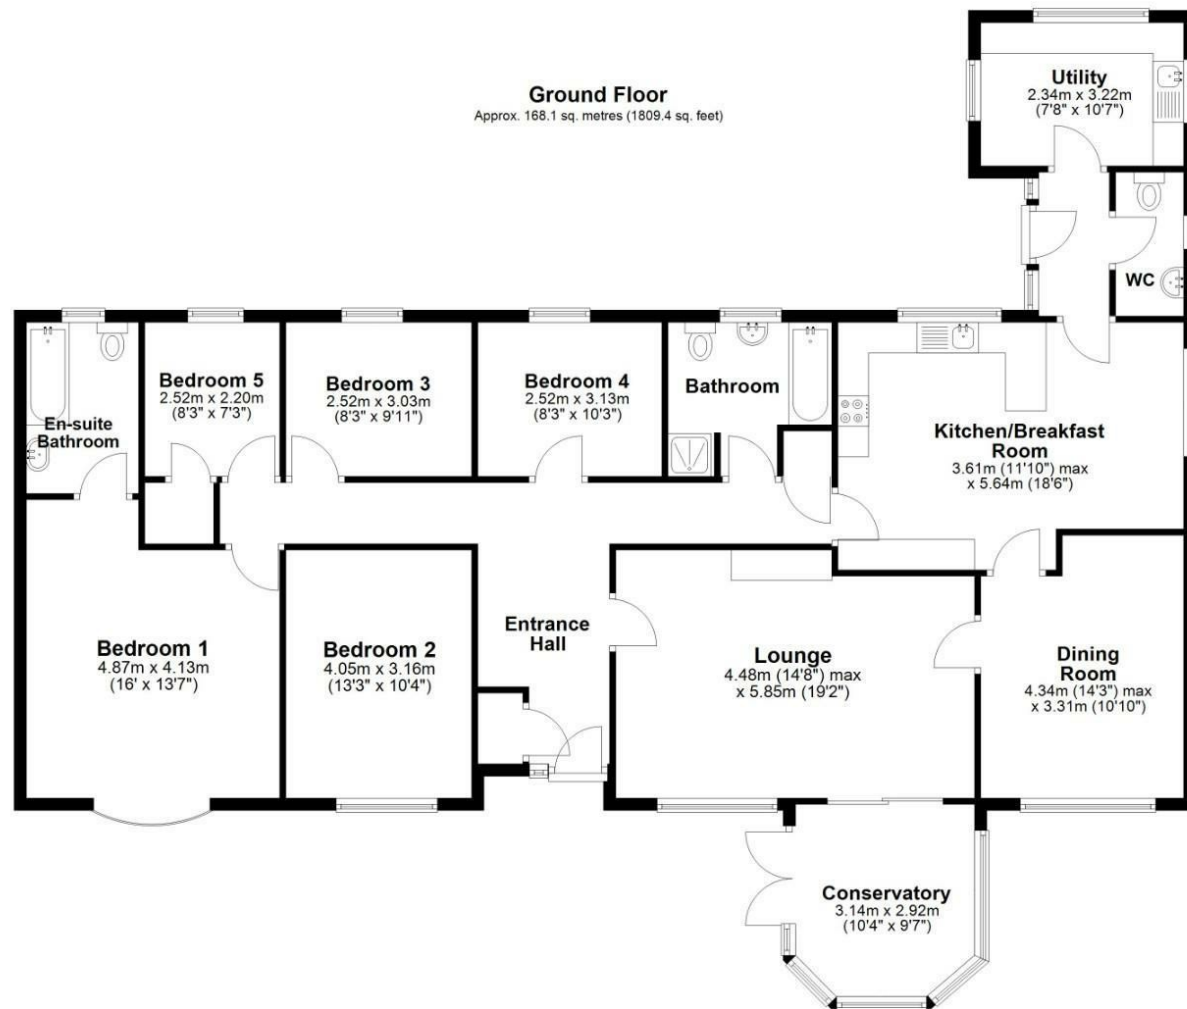

About the property

Woodlands is a spacious, true bungalow located off Llantwit Major Road on a plot of about 1/3rd of an acre. It provides plenty of very liveable accommodation yet retains exceptional scope to further improve and extend (subject to any appropriate consents). An entrance porch opens into a broad, deep entrance hallway from which the principal bedrooms are located to the left side whilst, to the right, are the living spaces. A family lounge overlooks the front driveway and enjoys a southerly aspect. It has, as a focal feature, a chimney breast set within an exposed stone surround. A conservatory with clear glazed roof is beyond, again enjoying a southerly aspect. Adjacent to the living room and linking the living room and the kitchen is a neat dining room, occupying a dual aspect corner spot. Kitchen/breakfast room is another dual aspect room with a broad window to the side elevation and a broader window overlooking the rear garden. The modern kitchen includes a range of units with appliances, where fitted, to remain including: double oven, fully integrated fridge and dishwasher. There remains ample room for a seating and a family size dining table. Beyond the kitchen/breakfast room is a rear entrance lobby with cloakroom, utility room and doorway to the rear garden. The utility room is particularly generous with ample room for much extra storage and space/plumbing for a washer and a dryer. The largest of the bedrooms look to the front elevation and is a particularly good double with fitted wardrobes; it has its own en suite bathroom. A second double also looks to the front elevation whilst bedrooms three, four and five all enjoy quite super views over the rear garden. All bedrooms have fitted wardrobes/storage. A contemporary family bathroom with bath and separate shower serves these other bedrooms.

Garden & Grounds

Woodlands is set to the corner of the development of four individual houses, this one being set within a plot of about 1/3rd of an acre. From an initial section of driveway shared with the neighbouring properties (shared access/shared maintenance), pillar gated entrance leads to the driveway solely for the use of No.4. Driveway skirts past the front garden and leads to a detached garage (approx. max 5.5m x 2.9m). Garage, with power connected and eaves storage, is entered via a remote control up and over door (not tested). A path from the driveway leads to the front entrance porch. Same paved path continues through a gated entrance, skirting around the side of the property to the most impressive, generous rear garden. The rear garden space is level and has a great central lawn surrounded by mature flower shrub beds and with a tree line and fencing marking the rear boundary. There is a paved patio area overlooked by the kitchen and a second paved patio area positioned to catch the afternoon and evening sun.
