This recent refurbishment of this larger than standard three bedroomed end of terrace house has some fabulous accommodation. Let's first talk about the upgrades made by the current owner to produce a bright, smart and very comfortable home: a new electrics and gas central heating system. A smart white fronted new kitchen and tiled bathroom with separate loo; 7 new pvc windows including a pair of double opening patio doors and with 6 with triple glazing; three bedrooms, bathroom, kitchen and dining room with recently skimmed walls - all creating a home to walk straight into without lifting a finger...

We believe the accommodation on offer here matches the floor area of the many semis over on the Mount Estate. For example, compare the master bedroom size here - for this is a particularly extravagant sized room (it may not necessarily appear so from our photos, given the size of the 6' wide bed and associated bedroom furniture). Check and compare with our floor plan below.

Outdoors too is significant for several reasons: The house is set well back from the main road and with a good drive. There is space to the side for further parking or better still for an extension. The garden areas are south and 'sunny' side of the road and it is not overlooked at all with playing fields immediately behind.
