Prenton Dell Road, Prenton

Guide Price

Whilst we'd like to point out the pressed concrete drive and the mahogany effect pvc double glazing to this well positioned semi; we'd also need to tell you that this in essence is a great project for someone to get stuck into both internally as well as within the outdoor space. Fair to say that this house comes with a large garden, sunny side of the street, not overlooked at all - all good features - but it is very overgrown at this point of coming to market - hence we are showing you a plan of the plot within our slide show of photographs.

Room enough to extend the house for sure as well as making or planning an re garden design to suit.

So, a fab three bedroomed semi with updating and refurbishing required although with gas central heating a double glazing and with huge potential to make bigger too and without eating into too much of precious garden space.

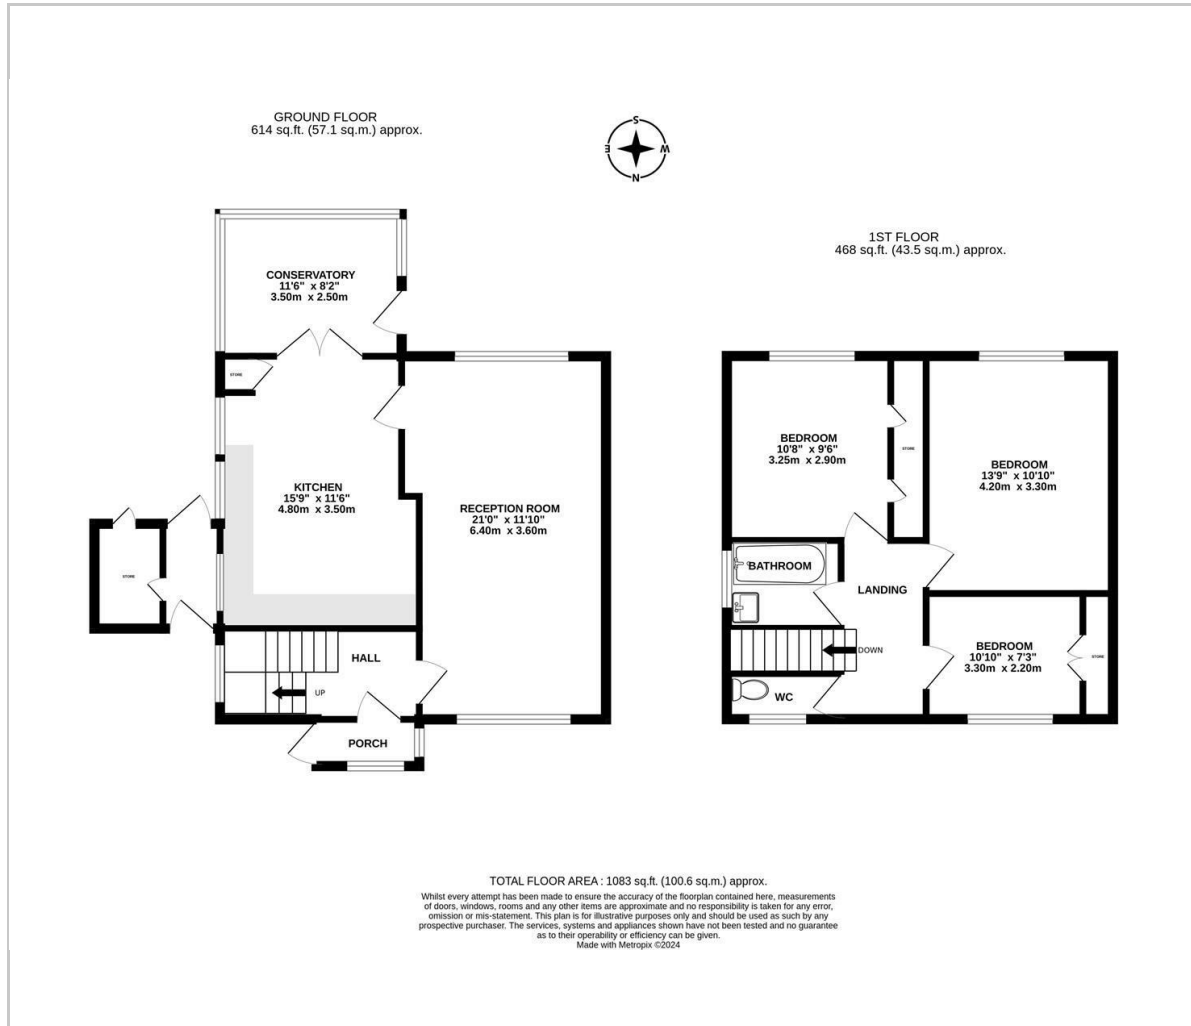

This semi stands on the south side of Prenton Dell Road with a great open aspect view. It's a very central location to all the usual amenities, so Sat Nav for directions:CH43 3BU and note that as key holders we can normally escort you around the house at fairly short notice.
