# Communications

Liverpool benefits from excellent communication links

Dakota Business Park is situated approximately 7 miles from Junction 6 of the M62 (via Expressway) and 11 miles from Junction 12 of the M56. The M6 can be reached via the M62, M56 and M58. Manchester is within a 50 minute and Chester just 25 minutes' drive time. The second Mersey crossing between Widnes and Runcorn has further improved access to the wider road network.

Liverpool has major railway connections with the main line station being Liverpool Lime Street. It is served by Avanti trains as well as regional and local trains, with approximate journey times of 40 minutes to Manchester, 1 hour 30 minutes to Birmingham and 2 hours 15 minutes to London Euston.

Liverpool South Parkway is just under a mile from Dakota and provides both regional and national rail services, as well as significant park and ride facilities.

Liverpool John Lennon Airport is one of the UK and Europe's fastest growing airports. There are regular scheduled flights to over 60 domestic and European destinations, as well as charter flights. The growth of the airport has led to recent facilities including a new multi-storey car park, enhanced leisure facilities together with a Hampton by Hilton Hotel.

The Port of Liverpool is ranked among Britain's major container ports. A £400m post-panamax container terminal facility, known as L2, is now operational and is currently undergoing further expansion. This has doubled container capacity and made Liverpool one of the country's best-equipped and well connected terminals. Liverpool dominates Britain's container trade with North America and serves more than 100 other non-EU destinations from China to India, Africa, Australia, the Middle East and South America.

In addition to the cruise liner facility there are passenger services between Liverpool and Dublin, Belfast and Douglas (Isle of Man). There is also a ferry across the Mersey to Wirral.
