## ACCOMMODATION

Immaculately presented throughout, Lower Westwood Farm offers well proportioned living accommodation with four bedrooms, two bathrooms along with its own detached independent living cottage, which has previously been run as a successful holiday let for several years. Stables, tack room, stores and a more recently constructed and secure steel framed barn are accessed from the drive. In total there's around two acres of grounds.

The main front entrance with a covered porch opens into the dining hall featuring a period cast iron fireplace. Stairs lead off to the first floor along with useful storage cupboards. This room has doors to both the front and rear. A traditional style bespoke breakfast kitchen is fitted with a range of contrasting base and wall cabinets, granite work tops, ceramic sink, built in dishwasher, fridge, freezer and a Rangemaster oven set within an oak framed recess. The kitchen also benefits from a walk in pantry. Leading off the kitchen is a boot room/utility with further matching base and wall cupboards, granite work tops, ceramic sink, provision for a washing machine and dryer along with a boiler cupboard and guest WC. A back door gives access to the driveway and grounds. A large living room enjoys much natural light with windows and patio doors opening out to the gardens with views beyond. A central fireplace houses a cast iron wood burning stove. A further reception room leads off the lounge which is currently presented as a home office enjoying an outlook across the gardens and farmland beyond.

From the dining room a turning staircase rises to the first floor landing. The luxurious principal bedroom suite features a dressing room with a range of fitted wardrobes, contemporary en-suite bathroom with oak flooring, free standing bath, vanity unit with dual wash hand basins and a walk in shower with glass screen. The double bedroom is light and airy enjoying elevated views. There are three further double bedrooms all of which are served by the main family bathroom.

## OUTSIDE

Approached through a gated access at the bottom of the lane (electric power to the gates), a gravelled driveway sweeps around to the front bordered by lawned gardens. The drive continues past the cottage to the stables beyond then into a large gravelled courtyard to the barn with a large parking area. Bordered by farmland, this is a most private setting with far reaching views down the valley. The stable block provides two stables and a tack room with lights and power connected along with a large cedar clad outbuilding extending to around 50ft in length, offering a multiple of uses to include secure storage and garaging, having two roller shutter doors to the front and a personnel door to the side. NB there is a public footpath at the gated entrance and a neighboring farm has vehicle access into their field at the same entrance.
