### ACCOMMODATION

With a modern interior, glass divides the stairs from the living space to give a contemporary feel, whilst the doors have been upgraded along with the kitchen and bathrooms. The property has also had a garage conversion into an office/sitting room space with an en-suite shower room. Entering into the large hall, the floor tiling extends to a carpet area with the stairs off and open plan design leading into the ground floor study area with access to the en-suite fully tiled shower room. The stairs lead to the first floor living space; open plan with engineered wooden flooring through the dining area that has patio doors to the garden into the modern fitted kitchen that includes plumbing for the washing machine, sink unit, Samsung oven, ceramic hob, feature tiled wall and window to the rear. The lounge area has a large picture window to the front, ceiling down lighters and the stairs continue to the second floor.

Now arranged as two bedroom with a dressing room (the door has been retained and can be re-divided), there are views to the front and a re-fitted bathroom now having a shower, double vanity unit, WC and wall mounted gas central heating boiler.

### OUTSIDE

The house has a tarmac drive with parking for several vehicles. At the rear, the garden has been landscaped on rising terraces above the roof tops for far reaching views across the River and High Town.
