OVERVIEW

With a wide frontage and three entrances, this spectacular residence was designed by a local award winning architect in a contemporary style that impresses in both the design and build quality. Completed in 2022, the rear aspect looks out across paddocks and farmland beyond, whilst the front has views over protected farmland. The front gates are all remote with external lighting and CCTV security.

Throughout there is a large use of glass to enjoy the views with underfloor heating to the spacious ground floor rooms and also in the leisure complex that includes a large entertaining area - linking the outdoor activities for the ultimate entertaining opportunities.

ACCOMMODATION

On a large luxurious scale, the seamless tiled floors begin in the formal entrance area with a cloakroom and guest WC. A grand 'floating' staircase rises to the large glazed landing area. The fully equipped kitchen with a large central island divides into a further dining area and sitting area, whilst a generous utility is a more private area. A living room is positioned to the rear to enjoy the private views and has a feature gas fire stove.

The principal bedroom suite has a balcony, two fully fitted dressing rooms and a bathroom en-suite. There are two further guest suites with access to shower rooms.

In total the living space is around 3,500sq.ft, with a leisure complex towards 2,000sq.ft and garaging around 1,400sq.ft.

LEISURE COMPLEX

The leisure complex includes an entertaining area with kitchen, appliances including drinks fridges and an ice maker, sports lounge, swimming lane, gymnasium, shower room, solarium, store room and plant room.

GARAGING

There is purpose built garaging to enjoy viewing the cars, climate controlled with a seating area, lighting, triple glazed doors to the front and WC and range of stores to the rear.
