Set within the desirable village of South Anston, the property combines many traditional period features with luxurious modern upgrades, offering a truly exceptional family residence

On entering, a bright and welcoming hallway leads to a charming and spacious lounge, spanning the full width of the property featuring a stone fireplace with multi-fuel stove and French doors opening onto a private patio—a perfect space for relaxation or entertaining. The heart of the home is the bespoke handcrafted kitchen, showcasing Shaker cabinetry, black granite worktops, and a flagstone floor. It includes an integrated dishwasher, range cooker, and space for an American-style fridge freezer. From here, there is access to the cellar which is currently used as the utility room and provides a practical additional extended space to the kitchen. The formal dining room stands out with its period appropriate features such as a cast iron fireplace and original plank wood flooring. The space offers a versatile setting which could serve equally as a snug or office, while a ground floor W/C completes this level.

Upstairs, the first floor impresses with a wrap-around landing featuring a drop crystal chandelier, leading to three generous double bedrooms and the family bathroom. The master bedroom suite is a standout feature, complete with large walk-in dressing room, bespoke built-in wardrobes, and an elegant en suite bathroom with a freestanding cast iron bath.

The top floor hosts a fourth double bedroom and an adjoining study area, ideal for a home office or dressing space, separately, there is a large walk-in storage cupboard.

To the rear, an electric sliding gate provides access to a secure block paved driveway and a detached double stone-built garage with power and lighting.
