Conway Road

Tucked away within the exclusive Conway Mews development, this elegant three-bedroom townhouse offers a refined lifestyle in one of Cardiff's most desirable enclaves. One of just eight architecturally designed homes, this residence combines the timeless appeal of a London-style mews with the warmth of traditional brick facades that echo the surrounding Victorian architecture.

Step inside to discover a thoughtfully crafted living space where natural light pours in through full-width bi-folding doors, opening onto a private rear courtyard. The open-plan ground floor is perfect for modern living – from the sophisticated kitchen with integrated appliances and statement cabinetry, to the inviting lounge and dining areas that flow effortlessly for both quiet evenings and social gatherings. A utility cupboard and discreet cloakroom complete the functionality of this level.

On the first floor, you'll find two generously sized double bedrooms, each with bespoke built-in wardrobes, and a beautifully appointed, fully tiled bathroom suite that brings to mind the finish of a boutique hotel.

Ascend to the top floor to find the true highlight of the home – the principal suite. Spanning the entire level, it offers a tranquil retreat with a large en-suite shower room, sleek mirrored wardrobes, and a private full-width roof terrace screened by contemporary opaque glass. It's the perfect spot to enjoy your morning coffee as the city slowly stirs to life.

Further features include underfloor heating on all three levels, solar panel-heated water for efficiency, private off-road parking, and a brick-built external storage unit – an ideal solution for bikes, garden tools or outdoor gear.

Finished to an exceptional standard throughout, this is a home that balances architectural interest with energy-conscious design, all set within a secure and intimate development.

Conway Mews Management

Future buyers will also become a stakeholder in the Conway Mews Management Company, this includes a monthly fee of £50 - which is varied on agreement of residents depending on the use of the fee. Normally this includes maintenance of the land or common work on all the houses, along with any needed legal expenses. The common land at the mews is managed by Seel&Co and three of the residents are directors of the Management Company of Conway Mews.

So if any work was needed on the access road then it would be a decision made by the residents and managed by Seel&Co. For example, the white line and street sign at the end of Conway Mews were facilitated by Conway Mews residents.
