- Individual Building Plot
- Village outskirts
- Planning Consent
- Level area for dwelling
- Remains of Barn
- Additional parking bay
- Wooded outlook
- Close River Fal

PRICE GUIDE £105,000

INDIVIDUAL BUILDING PLOT

GENERAL REMARKS AND LOCATION

This is a rare chance to purchase a plot of land on the edge of Tregony village with planning consent for a three bedroom detached house. It also has the benefit of some ruined remains of a traditional barn which may well offer further potential.

The property will become part of the small nucleus of dwellings set astride the A3078 Tregony to St Mawes road known as Daddiport, close to Tregony Bridge but this particular plot is off from the main road fronting the minor road leading to Ruanlanihorne and with an attractive wooded outlook.

Tregony is a thriving community with a good range of village facilities including general store/post office, public house, Church, primary and secondary schools and a wide range of social activities. The village is easily accessible to the whole area of the Roseland Peninsula which is recognised as being an Area of Outstanding Natural Beauty and subsequently a much sought after residential area. The city of Truro is approximately eight miles distant and St. Austell slightly further.

THE PLOT

The plot is level for the area of the dwelling and easily developed. As already mentioned it directly fronts the minor road leading to Ruanlanihorne and is set back from an entrance shared between the plot and two other properties (the bungalow known as Turnpike on the hillside above where there is also an adjacent plot of land being developed). The shared driveway also provides access to a newly developed parking bay for 2 cars to serve the plot in addition to a proposed car port being attached to the house. There is a garden area on the sloping ground behind the parking bay.

CONDITIONS

Approval of Reserved matters application (PA24/04335) for access, appearance, landscaping, layout and scale following outline consent PA20/04221 dated 21.06.21.

1 The development hereby permitted shall be carried out in accordance with the plans listed below under the heading "Plans Referred to in Consideration of this Application". Reason: For the avoidance of doubt and in the interests of proper planning.

2 The development hereby approved shall be designed and built to ensure all dwellings achieve the Climate Emergency Development Plan Document Policy SEC1 standard of 110 litres/person/day water efficiency prior to occupation. Reason: In the interests of improving water usage efficiency in accordance with Policy SEC1 of the Climate Emergency Development Plan Document 2023.

PLANS REFERRED TO IN CONSIDERATION OF THIS APPLICATION:

- Proposed 0816/SHT 200/PA received 08/10/24
- Site/location Plan received 22/08/24
- Proposed 0186/SHT300/PA REV 1 received 03/06/24
- Proposed 0186/SHT400/PA REV 1 received 03/06/24
- Block Plan 0186/SHT 100/PA REV 1 received 03/06/24

PLANNING CONSENT

Previous Outline Planning Consent was granted by Cornwall Council on the 21st June 2021 (Application number PA20/04221) for "construction of new dwelling".

Permission was granted subject to the following conditions:

1. Details of the access, appearance, landscaping, layout and scale (the reserved matters) shall be submitted to and approved in writing by the local planning authority before any development begins and the development shall be

carried out as approved.

2. An application for reserved matters must be made no later than the expiration of 3 years from the date of this decision and the development hereby approved shall commence no later than 2 years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved.

3. No development approved by this planning permission shall commence until such time as details of the finished floor levels (FFL) has been submitted to, and approved in writing by, the local planning authority. The ground floor (FFL) shall be set at a minimum elevation of 10.50m AOD (to include 1:100 year 40% flood event and 600mm freeboard) in accordance with the recommendation in the Flood Risk Assessment.

4. The development permitted by this planning permission shall be carried out in accordance with the Flood Risk Assessment (FRA) dated 5th February 2021, ref J-1597 and produced by EDS submitted as part of this outline application and the following mitigation measures detailed within the FRA.

1. Finished floor levels are set no lower than 10.5m above Ordnance Datum (AOD).

2. Flood resistant flooring and finishes should be utilised where possible throughout the property to a level of 10.5m AOD.

3. All electrical circuitry and apparatus should be installed at a 10.5m AOD or as high as reasonable practicable. Alternatively ground based electrical installations should be designed to withstand flooding.

4. An access/egress route should be made available from the new dwelling which is either higher than the flood levels of 9.91m AOD or above a level of 9.848m AOD to allow for access in an extreme flood event as detailed in Section 5.0.

5. Residents and inhabitants of the property should be connected to the Environment Agency flood alert system for the area.

The mitigation measures shall be fully implemented prior to occupation and subsequently in accordance with the timing/phasing arrangements embodied within the scheme, or within any other period as may subsequently be agreed, in writing, by the local planning authority.

A copy of the planning consent document is available in full from the agents if required.

THE BARN

To the rear of the site are the remains of a two-storey barn with the walls of a single storey lean-to and which offer huge potential for restoration for workshops etc.

PLEASE NOTE - the smaller section of barn with the newer sheeted roof is not part of the freehold and is within the curtilage of the adjacent property.

SERVICES

Mains water passes close to the site and enquiries regarding connection should be directed to the appropriate authority. Mains electricity and drainage also available nearby.

DATA PROTECTION

We treat all data confidentially and with the utmost care and respect. If you do not wish your personal details to be used by us for any specific purpose, then you can unsubscribe or change your communication preferences and contact methods at any time by informing us either by email or in writing at our offices in Truro or St Mawes.

VIEWING

Strictly by Appointment through the Agents Philip Martin, 9 Cathedral Lane, Truro, TR1 2QS. Telephone: 01872 242244 or 3 Quayside Arcade, St. Mawes, Truro TR2 5DT. Telephone 01326 270008.

DIRECTIONS

The plot is easily identified on the left hand side when turning off from the A3078 road at Tregony Bridge where signposted Ruanlanihorne.
