GENERAL COMMENTS

A very rare opportunity to purchase three building plots in a very quiet semi rural position within Probus village. The location is very special indeed and accessed from Wagg Lane which is a quiet no through lane that is close to the church, village square and shops. The lower plot adjoins land owned by the Glebe and there are magnificent uninterrupted rural views at the rear from all of the properties.

Planning Permission was granted by Cornwall Council on 13th September 2023 planning application PA23/04237 for a single storey detached dwelling in the lower section of garden at the property known as Chindits which has very large grounds. The proposed accommodation will include three bedrooms, the master and guest rooms will have an en suite bathrooms, open plan living room with dining area and kitchen, utility room and bathroom. The gardens have a sunny aspect and will enjoy fabulous sunsets and the last of the days sun. There will be parking as well as the double garage.

Planning Permission has also been granted by Cornwall Council on 25th April 2023 planning application PA22/09783 for two detached dwellings. These are located further up the garden and directly below Chindits. They are very striking, two storey houses that have been purposely designed for the sloping site and provide privacy for them and also to neighbours yet make the very best of the magnificent far reaching views. The accommodation for both houses include four bedrooms, all have en suite facilities, open plan kitchen/dining and living rooms. Outside are enclosed gardens and both houses will have parking for three cars.

LOCATION

Probus is a thriving community approximately 6 miles east of Truro and a little further west of St. Austell. The village has an excellent range of everyday facilities including Parish Church, public house, primary school, farm shop, post office, village hall, restaurants and even a fish and chip shop. A very regular bus service

connects to both St. Austell and Truro and here there are a wider range of facilities including banks, building societies, schools, colleges and main line railway link to London (Paddington). The village is also easily accessible to the picturesque Roseland Peninsula and many of the beaches along the south Cornish coast.
