Living Room

15'8" x 10'1" (4.8 x 3.08)

This is a delightful, elegant living room. The dual aspect room has two west facing windows and a south facing window, bathing the room in natural light. The focal point is the newly-created fireplace with stunning gas fire and bespoke TV recess above. The current owner commissioned this bespoke eye-catching fireproof wall.

There are alcoves each side, two radiators, two ceiling light fittings and plenty of room for furniture in this carpeted living room.

Kitchen-Diner

17'6" x 15'9" (5.35 x 4.82)

We love this bright and airy room which has crisp white decor, glossy white cabinets, double French doors and wide south- and east-facing windows flooding this room with natural light. The parquet oak veneer flooring flows through from the entrance hallway.

As you enter the room, there is space for a six-seater dining table, with a radiator on the wall, and views directly out to the rear garden.

Over to the left is the kitchen, which includes a large L-shaped worktop and another worktop with breakfast bar. The marble worktop has an integrated 1.5 stainless steel sink with modern swan neck chrome mixer, in front of the window looking out to the rear garden. Beneath is an integrated dishwasher, cabinet and then six very useful wide and deep pan drawers. Towards the far end of this side of the kitchen is a full-height pull-out cabinet, space for a fridge-freezer and a composite door out to a side passage, connecting the front and rear gardens.

Opposite that door is a large under-stairs cupboard and another long marble worktop with four cabinets below and two above. The kitchen has recessed ceiling spotlights.

Front Garden

This newly-created garden boasts several raised flower beds and includes two palm trees, a Japanese flowering cherry tree and several cypresses. There is flagstone paving and the garden is bordered by a low brick wall with a cherry laurel bush above.

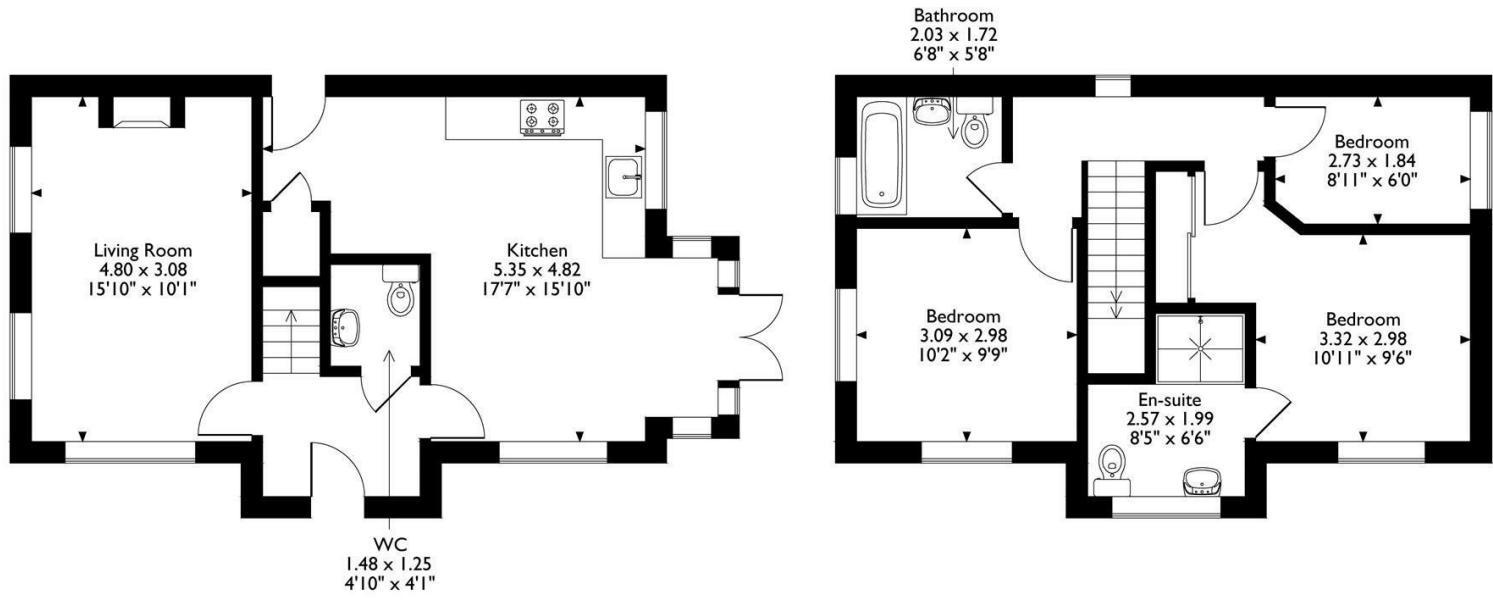

Rear Garden

Accessed via a path from the front garden, from the kitchen and the dining area, this is a well-designed and easy maintenance rear garden. The large paved patio has plenty of space for a dining set, seating, fire pit and more. The spacious, modern south-facing summer house has double doors and two full-height glazed panels, with a shed attached to the side. Beyond is an astroturf area - perfect as a safe place for children to play. A decorative iron gate leads out to the two off-road parking spaces.
