Front of the home

This attractive sandstone detached home sits on a corner plot towards the end of this popular estate. The block paved driveway has space for two vehicles to park in front of the integral garage, which has a Garador up-and-over door. A path on the right leads to a timber gate through to the rear garden.

On the left is a neat lawn with flower bed in front of the bay window of the lounge. The beech hedge and decorative iron railing fence form the border to the front and side, where more flower beds are packed with colourful plants and bushes.

Enter the home through a half glazed composite front door with chrome letterbox and handle. An outside light is overhead under the canopy porch.

Entrance Hallway

This bright and welcoming entrance to the home opens out to the left, with space for seating and a sideboard. There is room on the right for coat hooks and footwear. The hallway has white oak herringbone Karndean flooring, two ceiling light fittings, a radiator and stairs up to the first floor. Doors lead into the lounge, kitchen-diner and WC.

Lounge

17'5" x 11'10" (5.31 x 3.61)

Double timber-framed glass paneled doors open into the beautiful lounge. This lovely dual aspect room has wide bays to the east and north, plus a west facing window looking out to the driveway. The carpeted room has a ceiling light fitting, radiator and - like all rooms - skirting boards.

Kitchen-Diner

17'4" x 15'7" (5.3 x 4.77)

Bright and airy, with lots of natural light pouring in from the wide bay with patio doors and south-facing window above the sink, this is a spacious and uplifting kitchen-diner. The Karndean flooring flows through from the hallway and round to the utility room.

On the left, the large worktop has an integrated fridge-freezer and then a range of sleek high and low cabinets including a number of always-popular deep pan drawers. There is also an integrated Zanussi dishwasher and a Zanussi four-ring gas hob and electric oven with chrome and glass extractor fan above. The inset 1.5 stainless steel sink and drainer with chrome mixer tap sits beneath the south facing window looking out to the rear garden.

The dining area has space for a 6-8 seater dining table with ceiling light fitting directly above. The room also has a radiator, wide bay window with patio doors to the rear garden and room for seating. An open arched entrance leads through to the utility room.

Utility Room

9'10" x 4'5" (3 x 1.36)

On the left, a half glazed uPVC door leads to the rear garden. The worktop has space and plumbing below for a washing machine and tumble dryer and cupboards above. This is also a useful entrance after a hearty local walk and there is room to divest of coats and footwear here.

Integral Garage

Accessed from the utility room and from the front driveway, the garage has a useful matting floor which eliminates concrete dust. Currently used as a store room, the substantial amount of shelving and racking can remain. The Ideal boiler is located here and there are power points - handy for placing a fridge-freezer here too. The garage also has multiple ceiling light fittings.

Ground Floor WC

A white paneled door leads through from the entrance hallway and the Karndean flooring flows through. The capsule WC has an integral flush and the Ideal Standard wall-mounted sink has chrome taps. The bottom half of the walls are tiled and the room has a frosted double glazed window, radiator, ceiling light fitting and extractor fan.

Stairs to first floor landing

Carpeted stairs lead up from the entrance hallway and have a balustrade with decorative spindles on the left. The galleried L-shaped landing is carpeted and has a ceiling light fitting and loft hatch overhead. The loft itself is boarded.

Matching paneled doors with chrome handles lead into each of the four double bedrooms and the family bathroom. There is also an airing cupboard with large water tank and a radiator.
