Sitting Room

17'6" x 17'4" (5.35 x 5.3)

This magnificent room has simply stunning views through the wide north-facing bay window. We love the modern timber-framed glass paneled doors too. Taking centre stage in the room is the new stylish and substantial multifuel stove and flue, set upon a tiled hearth. The room has an oak floor, distinctive curved radiator in the bay, all lights, stairs to the upper floor and double doors through to the family kitchen-diner.

Family Kitchen

20'4" x 16'6" (6.22 x 5.05)

The beating heart of this family home is this large social room, which has been opened up from two previously separate rooms by the current owners. With oak-effect Karndean flooring, lots of natural light floods in through the large windows and doors looking out to the rear garden and an additional west-facing window.

The dining area on the right has space for an 8-seater dining table, plus additional seating in front of the sliding patio doors to the rear garden. There are recessed ceiling spotlights and a radiator in this area.

The stylish kitchen features space for a double American fridge-freezer and then a long sweeping worktop which runs the whole length of the room, with cabinets above and below, including an integrated Bosch dishwasher. In the centre is a Bosch five-ring gas hob with electric oven below and sleek glass and brushed chrome Hotpoint extractor fan above. There are recessed spotlights above and trendy downlighters below the high level cabinets. The worktops have eye-catching splashbacks that match the worktop. To the right is a radiator and south-facing window and door out to the rear garden.

Study

10'2" x 8'6" (3.1 x 2.6)

Accessed directly from the entrance hallway, to the left is a study with splendid views out over rooftops to Matlock town. With light oak-effect flooring, the room has lots of power points to facilitate home working. There is a radiator, ceiling light fitting and door to the dedicated store room.

A door leads through to the utility room.

Utility Room

10'4" x 10'2" (3.15 x 3.1)

Another large and versatile room, this also doubles as a store room, log store and boot room - a handy rear entrance when you've been out for a bracing local countryside walk. There are cabinets below and space and plumbing for a washing machine and tumble dryer. The room also includes a ceiling light fitting, Ideal boiler and the bottom half of the walls are tiled.

Bedroom One

23'5" x 7'6" (7.15 x 2.3)

Another versatile room, this could also be a TV room, snug, playroom, guest room or any combination of these. The long carpeted room has a step at the halfway point. Lots of fitted shelving on the right are situated beside three full-height wardrobes. The room has recessed spotlights, a radiator and wide south-facing window to the rear garden.

There is a tiled floor, the bottom half of the walls are tiled and the room includes a radiator, ceiling light fitting, extractor fan and frosted double glazed window.

First Floor Landing

From the sitting room, eight carpeted stairs lead up to the first floor landing, which has a large double airing cupboard on the right and ceiling light fitting and loft hatch overhead. Matching Mexicana doors lead into the three bedrooms here and the family bathroom.

Bathroom

The elegant and enormous bathroom has a modern glass shower cubicle on the right, housing an electric Mira shower, rainforest head and separate hand-held attachment. The room is carpeted and has a ceiling light fitting and radiator. There is plenty of room for a king size bed, dressing table, seating and additional bedroom furniture.

Bedroom Two

13'6" x 9'0" (4.12 x 2.75)

With probably the best views in the house, we could gaze all day long at the views panning round from the countryside to the west all the way over the town up to Riber Castle in the east. This double bedroom has two double full-height fitted wardrobes on the right. The room is carpeted and has a ceiling light fitting and radiator.

Bedroom Three

This cosy double or roomy single bedroom also has views over Matlock town and of the front garden and weeping willow directly in front. The carpeted room has a radiator, ceiling light fitting and a large storage cupboard with flat access to the spacious loft.

Rear Garden

This is a tremendous garden with plenty of space for children to play, families to dine and keen gardeners to put their stamp on too. Accessed via the side gate and from the family kitchen and utility room, immediately outside the utility room are two log stores and an outside tap.

Head up steps with the stylish glass balustrade on the right to a wide and sheltered dining patio. Six steps on the left run beside a wide rockery garden which is packed with ferns, lavender and other plants. Above that rockery garden is another elevated dining patio/seating area with slate floor.

From here, the garden slopes gently upwards all the way to the picket fence and gate at the top of the garden, which give direct access to woodland. Set within the lawn are an apple tree and damson tree, with a large pussy willow tree beside the gate at the top.

Well-maintained beech hedges form the boundary on each side of the garden. On the left are a patio seating area positioned to look up to the verdant hillside leading up to Riber Castle and, further up the garden, is a shed in the top left corner.
