Front of the home

Located on a pleasant cul-de-sac on the edge of the town centre, this home has a driveway with space for one vehicle to park close to the wall-mounted Pod Point electric charger. The front garden consists of several raised flower beds with a gravel path meandering through. A couple of steps lead down from the parking space to the front door and there is a handy area to store bins to the left.

Enter the home through a glazed paneled uPVC front door, with a full-height window to the right of that.

Kitchen-Diner

19'2" x 13'11" (5.85 x 4.25)

This lovely bright and airy room is a very welcome entrance to the home - a terrific first impression. Light floods in from two wide south-facing windows which - from this elevated position - look across to the tree-lined rising hillside opposite.

Initially, the floor is carpeted and this gives way to pine-effect vinyl flooring. Immediately in front, the very large shelf over the stairs provides plenty of space for storage and display. Over to the left, the sleek modern kitchen has a long and wide worktop, with plenty of room for food preparation and small appliances. There are high and low cabinets and drawers with glossy white doors and chrome handles. Within the kitchen are an integrated Whirlpool refrigerator, Bosch electric oven with gas hob and a contemporary extractor fan above. The new Viessmann boiler is located in the left-hand corner.

There is also a stainless steel sink and drainer with chrome mixer tap set beneath the north-facing window looking out to the front garden. The room has a high ceiling with two light fittings, a radiator and plenty of space for a dining table and additional seating. There is a loft hatch overhead and an open entrance into the sitting room.

Sitting Room

15'8" x 7'6" (4.78m x 2.29m)

The current owners have significantly enhanced this level by opening up the space to generate lots more light into this dual aspect room. Thanks to the north and south facing windows, it's another light and airy room, which is carpeted and has a radiator and ceiling light fitting.

Stairs to lower ground floor

From the front door, carpeted stairs lead down to the lower ground floor. There is a wall light on the right, banister on the left and an overhead light too.

The hallway on the lower ground floor is carpeted and has two ceiling light fittings and a radiator. Matching white paneled doors with chrome handles open into the two double bedrooms, the shower room, utility, conservatory and a storage cupboard with shelving and useful hanging rail. Indeed, that cupboard could usefully be utilised as a wardrobe for Bedroom Two.

Bedroom One

15'8" x 7'8" (4.8 x 2.35)

This double bedroom has lots of fitted wardrobes, overhead cabinets and bedside tables. The room is carpeted and has a radiator, ceiling light fitting and a square picture book window looking into the conservatory.

Bedroom Two

9'6" x 7'8" (2.9 x 2.35)

This versatile room is currently set up as a double bedroom, but could easily be a spacious home office, nursery, guest room or hobby room. It is carpeted and has a radiator, ceiling light fitting and another south-facing square picture book window.

Shower Room

7'8" x 5'6" (2.35 x 1.7)

The large shower cubicle has curved sliding glass doors and a mains-fed shower within. To the left, the fitted vanity unit includes a ceramic sink with chrome mixer tap and a capsule WC with integral flush. The room has a ceramic tiled floor and floor-to-ceiling tiles. There is a vertical heated towel rail, extractor fan, ceiling light fitting and downlighters above the vanity unit.

Utility Room

The well-designed utility room has a Miele washing machine and tumble dryer, which are included in the sale. The room has a vinyl floor and ceiling light fitting.

Conservatory

14'1" x 9'2" (4.3 x 2.8)

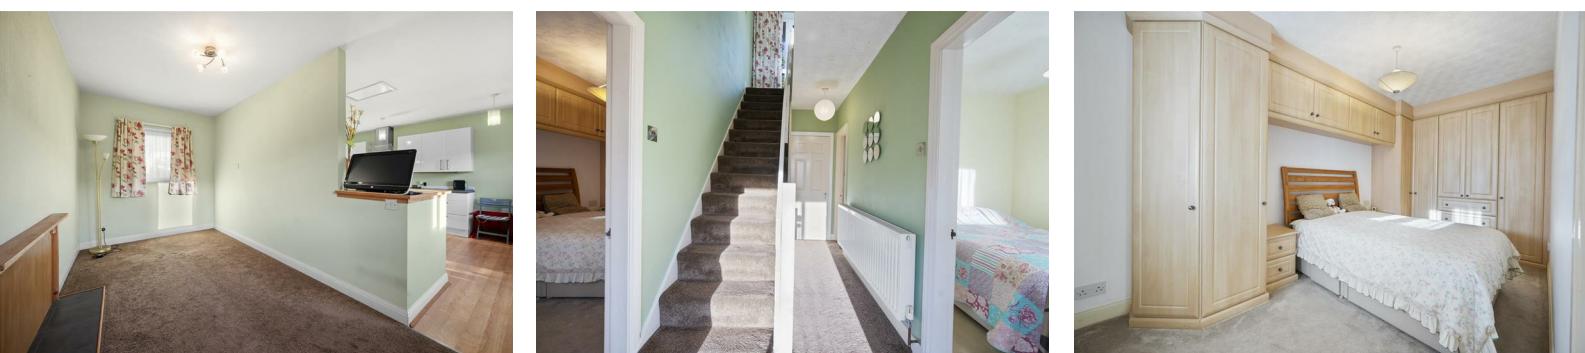

This spacious and versatile room could be additional living space, a sunny home office or playroom. Tall uPVC windows on three sides (east, south and west facing) have fitted blinds. There is pine-effect vinyl flooring and lots of power points - perfect for heating and lighting to make this a usable space all year round. Through the windows you have panoramic views from this elevated position. Double French doors lead out into the rear garden.

Rear Garden

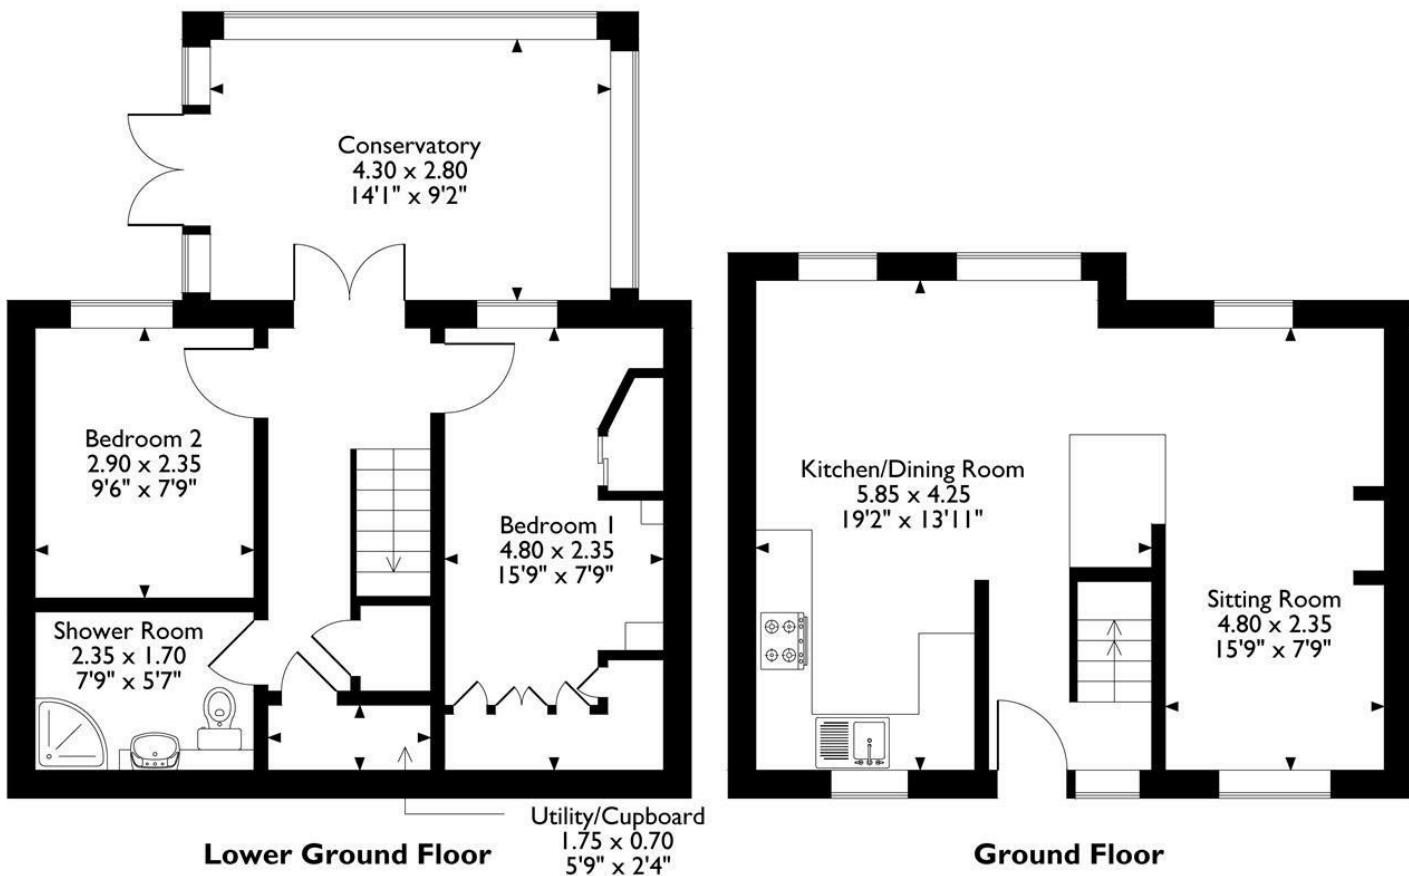

Accessed from the conservatory, you alight onto a patio area, where there is space to accommodate a small dining patio set. The new large shed offers lots of storage space and there is additional open storage around to the side of the house on the left.

A neat lawn is situated in front of the conservatory and there is a well-stocked tiered garden beyond. A path leads between the raised flower beds, bushes and young trees, making it easier to tend the garden.

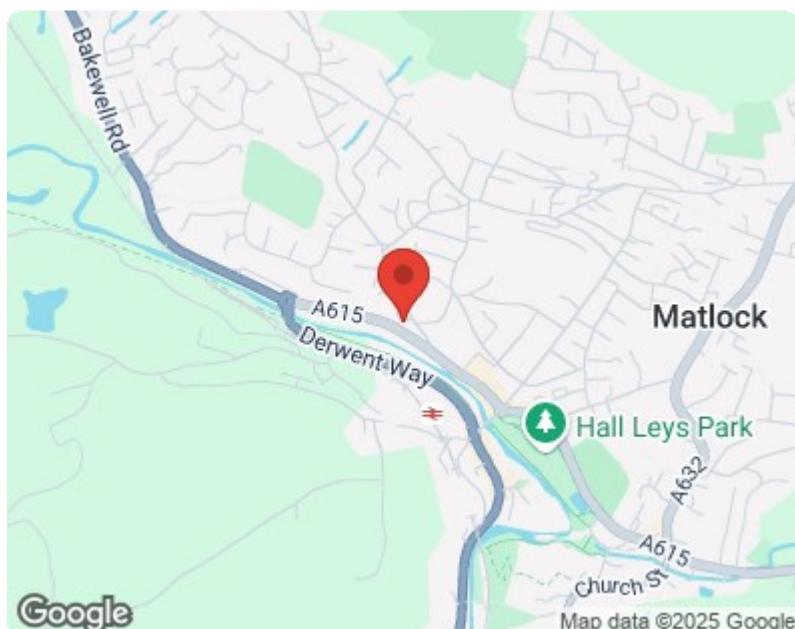

This is a splendid home for a great price in a sought-after and convenient location.
