

## Dale Road, Matlock Bath, DE4 3PS

We are thrilled to present one of our favourite homes - and one of the most eye-catching - in the region. With a beautiful facade, elegant interiors, detached two-storey garage, off-road parking for 4 vehicles and pretty gardens, this home is bursting with positive features. Located at Artist's Corner, where Matlock meets Matlock Bath, the home has wonderful views of the vertiginous cliffs opposite and is within walking distance of both of these splendid places.

On the ground floor the sitting room and dining room vie for the title of most handsome room - both with two large south-facing sash windows. There is a country-style kitchen, breakfast room, inner hallway and ground floor WC. A short stroll across the courtyard garden brings you to a detached studio, perfect for a home office or variety of other uses. The grand staircase leads up to the first floor, where there are four double bedrooms (one with en-suite shower room), an additional bedroom/dressing room, family bathroom and a beguiling garden room which could serve as a bedroom or, again, various functions.

The main garden to the front and side of the home has been lovingly tended for decades and includes a large cypress tree, lawn and access to a store room. To the right of the home is a substantial two-storey detached garage with space to park three vehicles in front, whilst there is room for another vehicle to park on the driveway to the left of the house.

Matlock and Matlock Bath are very well served for eateries, bars, traditional pubs and a range of independent retailers, as well as a large supermarket only a 2-3 minute drive away. It's a tourist honeypot, with the cable cars to the Heights of Abraham just around the corner. There are riverside and clifftop walks, the pleasant Hall Leys Park in central Matlock, Peak Rail steam railway and the delights of the Peak District and Derbyshire Dales very close by.

## Front of the home

This distinctive and well-loved home has a pretty white and pale blue facade. A traditional dry stone wall forms the front boundary - part of which was fully rebuilt in 2024 - with a privet hedge above. To the left, there is a driveway with space for two cars to park in tandem. To the right, a large detached garage has space beyond for three vehicles to park in a private driveway.

Step through a decorative iron gate and up seven steps, where the garden stretches out to the right. A path leads to a gate in front and along to the front door. The fragrant garden has been lovingly tended for decades and includes a range of plants and flowers including a Japanese thimbleflower, lardana and cardinal flowers.

Beyond the front door is a rectangular lawn on the right and a door to a spacious store room with boiler on the left. Steps meander up to elevated garden areas with cedar trees and views directly across to the cliffside opposite. It is a gardener's paradise filled with the chirping and chatter of birds.

The beautiful facade of the homes includes timber-framed sash windows with stone lintel sills, framed by pale blue shutters. The front door is set within a decorative timber frame and overhead is a Greco-Roman style arch. Enter the home through the solid oak front door with brass handle, knocker and letterbox.
