Seller Insight

“ Nestled at the heart of a charming village, The Old School is more than just a residence—it is a lifestyle statement. Owned and cherished by Richard and Yvonne since 2011, this extraordinary home blends history, elegance, and modern comfort in a way that few properties can. Originally chosen for its idyllic location and safe, family-friendly environment, the house quickly became a sanctuary where children could thrive, and where every space was designed to balance togetherness with privacy. The open-plan design, combined with separate upstairs areas for parents and children, allowed the family to enjoy shared moments without sacrificing personal retreats. Today, the property stands as a haven of light, warmth, and sophistication, perfect for both intimate family living and large-scale entertaining.

Set back on a quiet road yet centrally positioned in the village, the home enjoys a rare combination of seclusion and accessibility. The south-facing garden ensures sunshine floods the interiors throughout the day, streaming through expansive bi-fold doors that blur the line between indoors and outdoors. Even in winter, the natural warmth of the sun often replaces the need for central heating, creating a bright, uplifting ambiance year-round. Step outside and you're greeted by professionally landscaped grounds, complete with a covered deck, hot tub, and outdoor cooking area—an entertainer's dream. A riverside firepit invites evenings spent beneath the stars, accompanied by the gentle presence of local wildlife including kingfishers, herons, and even the occasional otter. The gazebo by the river provides a peaceful retreat for reading or quiet reflection, while the courtyard doubles as both a practical parking space and a charming social hub.

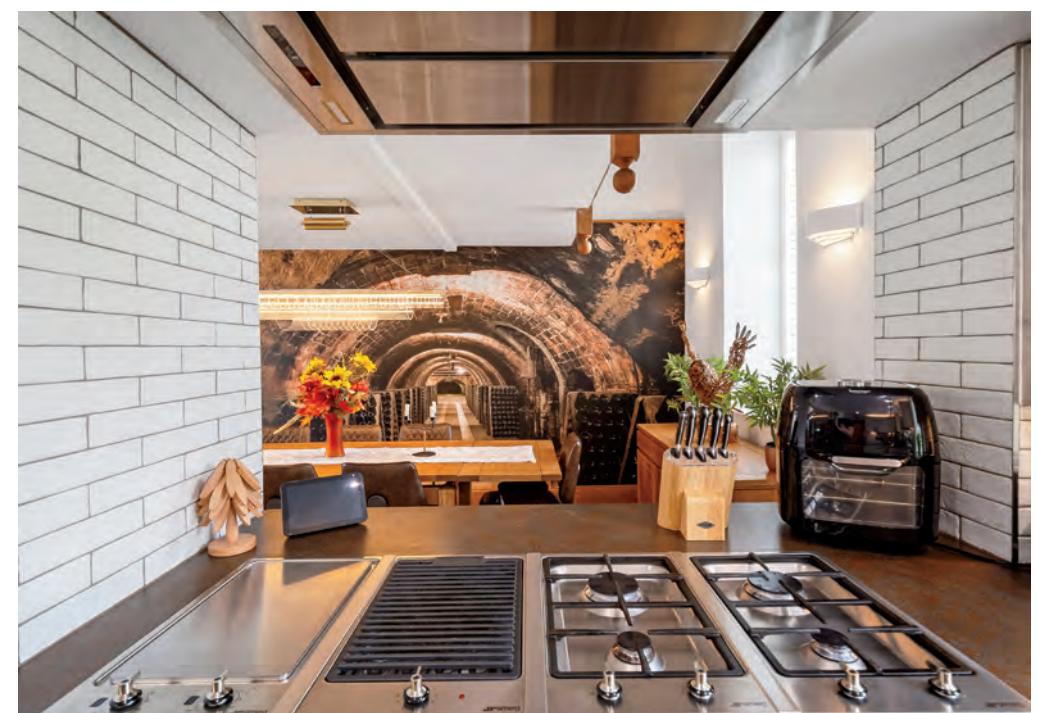

Inside, every detail has been thoughtfully curated. The recent renovations are extensive, from underfloor heating and a state-of-the-art kitchen with bespoke appliances to new bathrooms, fitted shutters, and discreetly integrated storage solutions. The marriage of modern upgrades—such as solar panels, EV charging, and high-speed connectivity—with the home's historic character results in a property that is both timeless and forward-thinking. Standout features include a luxurious cinema room, where evenings by the fire become particularly magical at Christmas, as well as multiple ensuite bedrooms offering privacy and comfort for family and guests alike. For wellness enthusiasts, the home excels: a dedicated gym area, infra-red sauna/steam cabin and steam room, and a hot tub overlooking sunrise views over the hills provide daily opportunities for relaxation and rejuvenation.

Beyond the property itself lies a vibrant community. The village thrives on tradition and connection, with social gatherings, cream teas, and festive events fostering a true sense of belonging. With excellent schools nearby, scenic countryside walks on the doorstep, and convenient access to London in under an hour, the location perfectly balances rural charm with urban connectivity. Local amenities abound, from fine dining and golf courses to cultural venues in nearby Milton Keynes.

For Richard and Yvonne, The Old School has been a place of cherished memories—raising children, hosting village gatherings, and celebrating countless milestones. For its next custodians, it promises not just a home, but a rich, rewarding way of life: one where history, luxury, and community intertwine in perfect harmony.*

The grounds at The Old School are simply stunning, with a large wraparound sun terrace, a professionally designed and landscaped garden including herbaceous borders, lawn, a firepit seating area and many mature trees. A secret gazebo with views over the river can be enjoyed over a glass of wine as the sun sets. Saving the best for last, is the canopied deck ideal for alfresco dining, BBQing in the kitchen corner or a relaxing evening in the Canadian hot tub.

The garage has an electric shutter door, built-in storage, a window to the side and door to the garden, whilst having parking for several cars in front. An EV charger is located to the front of the property.

Special Notes

The current owners have made us aware that the property flooded in 2020 but they have installed a flood risk mitigation system, please ask the agent for further details. The Government website indicates that there is a high risk from flooding. Buckinghamshire Council have prepared a Flood Investigation Technical Report, this is available on request.

Flood defences at the property include:

- A reinforced breezeblock retaining wall tied into the house foundations to prevent water ingress.
- Removable flood gates installed by Lakeside Flood Solutions.

- Acco drains around the rear, sides, and patio, directing water into two 1,200L underground tanks beneath the gravel in front of the garage. The stored water is then pumped at high pressure back into the river.

- An automated pumping system, installed and maintained by Bucks Treatment Services Ltd, with controls on the garage deck. BTS receives remote alerts and SMS notifications from the Timeview village warning system if faults occur.

- Damp proofing below all floors and up to 1m on walls to reduce rising groundwater.

Covenants & Restrictions: The hardstand in front of the house is legally tied to the property by covenant. Although it is officially part of the village green, it was linked to the house for access when the property served as a school. For further information please contact the agent.
