A well-appointed family bathroom serves the bedrooms, complete with bath and overhead power shower.

To house is accessed via a private lane and benefits from driveway parking. To the front there is a hard-landscaped garden with raised beds stocked with roses and a fig tree. To the other side there is a larger garden mainly laid to lawn with borders of irises, lupins, and peonies. There are several mature trees including a magnolia and apple trees and a central stone terrace ideal for outdoor dining. A garden shed, secure fencing, and stone stepping path completes this well-considered outside space.

Tucked discreetly at the rear of the garden is a purpose-built home office/studio, installed just 18 months ago by award winning Green Retreats. This offers fully independent connectivity with its own Wi-Fi, electricity, and heating. Double doors flood the space with light, creating a serene and productive working environment year-round.
