A Blend between Hills & Water

SOMABAY

Somabay is a ten million square meter resort peninsula on Egypt's Red Sea Coast, designed to celebrate the best elements of the sun and sea. This self-contained resort paradise is encompassed by endless sandy beaches to the South and magical coral reefs to the North.

Somabay hosts a pure natural landscape accented by its diverse resort hotels, residential properties, golf course, thalasso spa, and water sports centers.

The peninsula is blessed with dry desert winds and low humidity. Winters are temperate with daytime temperatures averaging in the low to mid 20 C while summer averages in the low 30 C.

Somabay is just four hours away from Central Europe and a short drive from Hurghada International Airport. Furthermore, the ancient sites of Luxor and the Nile Valley are a convenient two hour drive away.
