Proposed front elevation

Description

Imagine waking up every morning to the serene beauty of countryside views. Here is an opportunity to acquire a building plot nestled in a peaceful setting with full planning permission for a 4 double bedroom detached home.

The proposed layouts offer spacious, modern accommodation in excess of 2000sqft, with an integrated garage, 2 bathrooms, private rear garden and a front balcony.

This charming rural location area offers a perfect blend of tranquillity and convenience. With larger population centres like Bridgend, Swansea and Cardiff only being approx. 10, 13 and 25 miles away respectively, this means you can enjoy the quiet, scenic surroundings while still having the amenities and opportunities of larger cities within reach.

Planning consent

Planning Consent was granted under Planning reference P2022/0241 (Dec 15th 2022) to build a detached dwelling together with associated works including access and drainage..

Should you require further information on this, the Planning Application details and documents can be found on the local authorities planning website.

Self-build Wales scheme

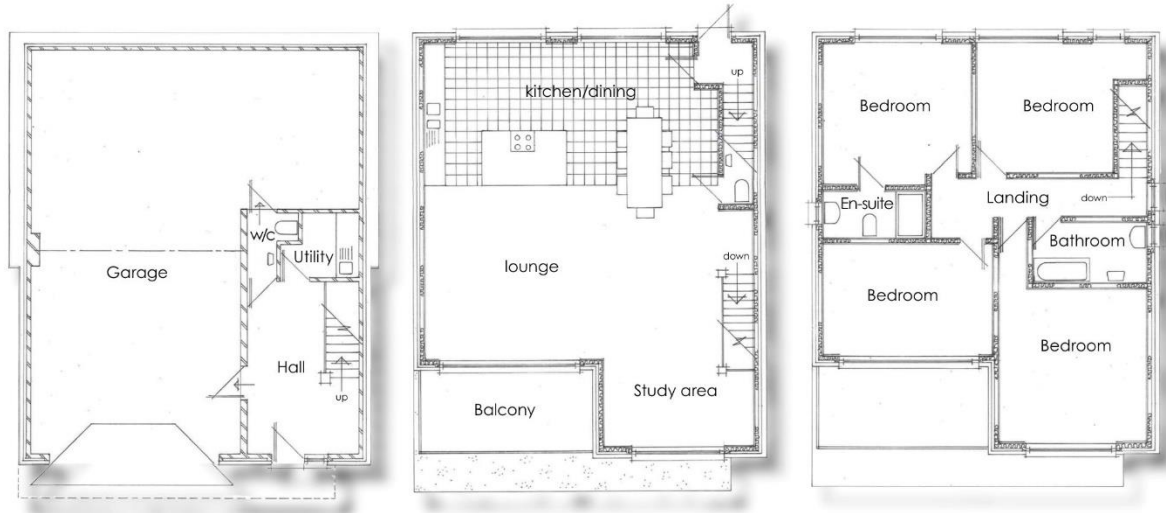

If you are interested in building your home it has never been easier to do so.

The Self Build Wales scheme, established by the Welsh Government, aims to remove the barriers and uncertainty that prevent people in Wales from building their own homes.

If you wish to find and use land (such as this plot) outside of the current Self Build Wales map, you can access the scheme to fund both the land purchase (75%) and build costs (100%), providing the land already has suitable planning permission for development. The 25% deposit for the land purchase must come from your own resources.
