Craw's Nest, Auchencrow, TD14 5LS

LOCATION:

Auchencrow is a charming small village located in East Berwickshire within the Scottish Borders with a strong sense of community. The village spirit is shown through initiatives like a community-run food exchange box, while the local pub enjoys an award-winning reputation. The property is situated approximately 2 miles from Reston, a slightly larger village that offers convenient access to the A1 and has a station on the East Coast Railway, making it an excellent choice for commuters.

DESCRIPTION:

This architect-designed detached house, completed in 2017, is perfectly suited to its elevated plot, once home to a putting green, situated opposite The Craw Inn pub. The house boasts a bright and spacious layout, offering versatile accommodation, with the first-floor providing a bathroom and three bedrooms, whilst the ground floor includes a dining room that could easily serve as a fourth bedroom with a shower room just across the hallway. The rear, south-facing kitchen-diner is designed to capture natural light, making it a warm, welcoming space. Similarly, the large landing benefits from windows at both the front and rear, allowing light to flood through the home. The living room complete with wood-burning stove and windows to the front has doors leading out onto the patio in the rear garden. The property also has a utility room, family bathroom and en-suite shower room serving the master bedroom. This house is equipped with oil-fired central heating and solar water heating panels, enhancing both comfort and energy efficiency.

EXTERNALLY:

To the front there is a shared with the neighbouring property leading to a block-paved drive with parking leading to the detached garage. The house is set in an elevated position overlooking the street which makes up the small hamlet of Auchencrow. The rear enclosed garden is south facing and has a patio area with steps up to a garden which is mainly laid to lawn with open farmland beyond.

SERVICES:

Mains Electricity, Water & Drainage. Oil-Fired Heating & Solar Hot Water.
