### THE PROPERTY

Located in a sought-after area in Pembury village close to the local primary school, this semidetached home is perfect for the growing family. Entrance door takes you into the hallway with space to hang your coats. The converted garage overlooking the front of the property is now home to the utility room with space for washing machine and tumble dryer. The current owners also use this space as a study as there is also plenty of room for a desk. The handy downstairs WC is just down the hallway. The bright and spacious through living room has ample room for comfy seating plus the feature fireplace with log burner brings a cosy feel to the room in the colder months. This flexible living space could also be used as an office space or dining room, opening at the end of the room into the conservatory, which is a great addition to the downstairs living space. The kitchen is fully fitted with ample storage and working space to create family meals and includes integrated oven and electric hob plus space for a freestanding dishwasher and under-counter fridge. There is a double glazed door which leads to the back garden. Stairs from the hall take you up to the first floor where you will find the three good sized bedrooms, two double bedrooms and a single, all fitted with storage cupboards. The modern family bathroom is fully tiled, fitted with crisp white suite and completes the accommodation. In our opinion, this house offers lots of potential and will certainly appeal to those searching for a village location and convenience to local school.

### OUTSIDE

Ample off-road parking is provided on the driveway at the front of the property. There is a generous rear garden, fully enclosed and with area of lawn, perfect for the children to let off steam while you relax on the paved patio and enjoy a morning cup of coffee. The property backs onto woodland so you can enjoy privacy and a true rural feel. This home benefits from 8 solar panels on the roof, from which the current owners receive a quarterly payment for energy generated.
